VOL. XXXIX, NO. 20.

HONOLULU, H. T., TUESDAY, APRIL 12, 1904-SEMI-WEEKLY.

WHOLE No. 2580.

PRINCE WHO MAY BE EMPEROR OF CHINA RECEIVED IN HONOLULU WITH HONORS

United States and Hawaii Greet Guest.

Royal in title, royal in appearance, and royal in manner, a Prince of the Imperial house of China yesterday stepped upon American soil for the first time, in Honolulu. Prince Pu Lun, nephew of His Imperial Highness the Emperor of China, Imperial Commissioner to the Louisiana Purchase Exposition, accompanied by the Vice-Commissioner Wong Kai Kah and suite arrived in Honolulu yesterday morning on the steamer Gaelic and were accorded Federal and territorial honors during their stay. The attentions of the United States and Hawaiian governments were supplemented by the homage of the Chinese Consul and attaches, representative Chinese societies and the mass of the Chinese population of the city.

For the first time in the lives of the majority of the Chinese here they were permitted to gaze without fear or favor upon the features of a prince of the royal blood. In China every sacred law would have been violated had they lifted their eyes in profane admiration of the wearer of the three-eyed peacock feather and the yellow jacket. Not since the time when Li Hung Chang visited the United States has so much Interest been aroused concerning China as by the advent of Prince Pu Lun.

From early morning until late last night the Prince was given every courtesy possible in the name of the President of the United States, the Covernor of Hawaii and the Emperor of China. The attentions did not turn the prince's head, however, for he seems a level-headed man of 32 years, and proved himself an intelligent bserver of the picturesque in Hawaii. Above all he indicated that he has democratic tastes, far from the autocratic manner he has been thought to

A drive in a fine victoria behind a dashing span had not near the interest for him of a rive on an electric car, and above all he dislikes Chinese prepared dishes, preferring those of European recipes. His handshake with he had been accustomed to the habit National Guard of Hawaii Battallon. all his life. There are none of the haughty airs of the traditional mandarin about Prince Pu Lun, and during his stay yesterday in Honolulu he proved himself to be indeed a prince. THE DAY'S ITINERARY.

The program yesterday was a formal greeting to him aboard the Gaelic by the Becretary of the Territory, a military escort to the Alexander Young Hotel where he had engaged a suite of rooms on the parlor floor, an official call from the Governor of Hawali, a visit to the Chinese United Society rooms, a formal call on Governor Car-ter at the latter's residence, luncheon at the Young Hotel, a ride in an electric car over the system of the Rapid Transit railroad, an inspection of the Aquarlum at Walkiki, an afternoon luncheon at the Chinese consulate and a reception tendered to His Highness last evening at the Chinese Consulate. It was a busy day for the Prince and suite, but they did not seem to weary of the attentions baid them, and he expressed his great delight in being able to be on American soil

MET BY TROOPS. At daylight the Gaelic made preparations to enter the harbor. At the same time a steady stream of Chinese and other nationalities made its way to the Hackfeld wharf. By the time the vessel swung alongside the wharf one of the largest crowds ever congregated disembarked and went to the Chinese on a Honolulu wharf was massed beneath the sheds. Drawn up in imposing array were two companies of the of Lieut. Harry Newton, U. S. A., Lieut. Davis, U. S. A., and Lieut. Behr. U. S. A, the escort provided on behalf of the Kwai, Hon Quon, Ng Mon War, Wong companies of the National Guard of Hawaii, under the respective commands guarded the person of the Prince durof Captain Sam Johnson and Captain ing his entire stay in the city. Rose, completed the military formation. On the arrival of the vessel the troops presented arms, and at the same time a salute of twenty-one guns was fired in the Palace grounds.

New Bills Menace Brevity---House Republicans Wrest County Government Honors From Home Rulers.

Governor Carter will send to the legislature today his final recommendation for the session. This is an act providing for unpaid bills, and if it goes through without trouble the session may be closed on Saturday. There is just time for the bill to pass both houses this week. The only difficulty now in the way of an early adjournment is the changes made by the Senate in the salary bill: Members of the House announced at the time of the passage of the salary bill on three consecutive readings, that they were doing it only because of the promise that the Senate would do likewise. If the changes made are permitted to stand, some of the House members say they will never agree to the bill in conference. They claim the right to pass upon the bill as well as the Senate, and having waived their privileges, say the Senate should not now change the bill.

The first two acts of the session became laws yesterday. These were Acts No. 1 and No. 2 which provide \$5,000 for the expenses of the Senate and double the amount for the House. Both bills were signed by Governor Carter yesterday.

In the House yesterday the Republican majority voted down Kupihea's joint resolution for a county law commission and then straightway adopted one of its own of like tenor. The current expenses bill passed second reading, and the garbage and assessor bills were finished up in the House and will go to the Senate today. (Continued on page 5.)

RUSSIA IS BUYING GERMAN LINERS

ASSOCIATED PRESS CARLEGRAMES

BERLIN, April 12.—Russia continues her purchases of German ocean liners, and will form a flying squadron of cruisers.

Russia Suspects China

PEKING, April 12.—Paul Lessar, the Czar's minister, demands the dismissal of the Japanese military instructors of the Chinese army, fearing hostile influences. He also demands the retirement of Chinese troops from the Manchurian frontier.

THE AFTERNOON REPORT.

PARIS, April 11.-It is officially announced by the Japanese Government that the first Japanese army has landed in Korea. ST. PETERSBURG, April 11.—Shots are being exchanged be-

tween the Russian and Japanese forces along the Yalu river. NEWCHWANG, April 11.—The forts fired on pilot boats and merchantmen last night, owing to a mistake. Two Chinese on the vessels were killed.

ST. PETERSBURG, April 11.—Thirteen thousand riflemen hold Vladivostok against any attacks by the Japanese.

Senate and House Are Working Rapidly.

(From Saturday's Dally.) Legislators are now predicting that the special session will be finished by next Saturday and if the work is carried forward with the same celerity which marked the House session yesterday, the prediction will be fulfilled. Governor Carter is already preparing for a banquet to the legislators for next Saturday evening, with the expectation that they will have completed their labors by that day, although the session may last a few days longer.

Governor Carter will send to the Senate today a message covering various deficiency items, many of which remain over from the last administration. The Governor is also preparing a bill which will be recommended to the legislature today, providing for an amendment to the loan bill. This is a bill allowing the treasurer to use his option about advertising for bids for bonds, provided he can sell the bonds at private sale at a higher figure than any previous bid.

The House acted expeditiously and in a public spirited manner yesterday. Without interruption the salary bill was passed as it came from the Governor, and the majority of the members an nounce their willingness to do likewise with the remainder of the administration bills.

The garbage and sewer bill and the assessor's but also passed first reading. Another day of expedition was witnessed in the Senate chamber. The evident sentiment pervading the staid body was one opposed to tinkering with the schedules of work as submitted, excepting by direction of committees that had investigated the various matters involved. "Let well enough alone," seemed to be the accepted motto. There were perhaps one or two snap votes recorded which may come up to be changed at later stages of the measures respecting which they occurred. In any event, the mistakes if such they were amounted to nothing compared with those that the Senate prevented being made yesterday. Smooth sailing would appear to be assured for the executive scheme of retrenchment as a whole.

Mr. Dickey's costs of court bill, while designed in the interest of the main object may yet involve some risk of protracted debate, as in parts it involves radical changes.

The two houses will probably I his would be more battle won on the fourth day.

THE HOUSE.

The House passed the salary bill on third reading in record time yesterday. But one slight change was made and Kumalae did not open his mouth during the entire session. The Home Rulers kept quiet and let the Republicans do just as they pleased. And the Republican majority pleased to pass the salary bill just as the Governor had recommended it.

In the morning, the session lasted but a few minutes, only long enough to pass on third reading, unanimously, the House expense bill. Then a recess was taken until two o'clock.

THE SALARY BILL.

The salary bill was called up imme diately upon the opening of the afternoon session. Interpreter Coelho read the bill through rapidly, without an interruption, and only an occasional glance at Kumalae, who was quietly reading a newspaper. Even the irrepressible Kupihea was busied in look. ing into vacancy.

The bill once read, Representative Lewis moved an amendment to the section prohibiting the payment of more than one salary to any employe who received as high as \$100 per month. The amendment permits the holding of more than one office, but the employe can draw only the highest salary attached to any one office. The bill then passed third reading with four noes, Kupihea, Kaniho, Pulas and Beckley. There

were twenty-five ayes. The House then took a recess to allow the session expense bill to be sent in from the Senate.

NEW BILLS.

After a recess Representative Andrade was given leave to introduce two bills submitted by the Governor. The first, providing for either salary or commissions for assessors, was accom- adding the following section: panied by the following letter to Mr. Andrade, as chairman of the Judiciary Committee, and signed by Governor Carter:

"Herewith, I hand you draft of an Act, the purpose of which is to allow Judiciary Committee on the bill to rethe tax assessors, with the approval of peal Act 17, salaries, etc., with the folthe Treasurer, to put their deputies on lowing as the amendment to the Act: salaries. As the law reads at present. only commissions can be paid. In the larger districts it has been found that Act for any services performed after salaries are more satisfactory to the June 20, 1904." employees than commissions. The small amounts allowed the tax assessors will

necessitate the change in the law. "I desire to call your attention to an Bill, which evidently is in conflict with Act 18 of the extra session of 1903. the law; On page 2, line 21, is an item After due consideration, we do not beproviding for Assistant Assessor, Oahu, while there is no such office provided for in the law. This was, of course, inserted at the wish of the Tax Aspessor. and I leave it optional with the House as to amending the law to make pro-

fice, or swiking it out and inserting Salary of First Deputy, Oahu. This office, as I understand it, is separate and distinct from that of First Deputy in Honolulu."

The bill introduced, which passed first reading, is as follows:

Sec. 1. Section 45 of Chapter 51 of the Session Laws of 1898 (Civil Laws 1897, Sec. 848) is hereby amended to read as

"Sec. 45. Each assessor shall receive such compensation as the Legislature from time to time appropriates. Each deputy shall receive as full compensation for assessing and collecting and all work done in connection therewith such percentage of the taxes collected by him, including road and school tax, not to exceed five (6) per centum, or such salary as the assessor, with the approval of the Treasurer, may decide. Provided, however, that the commissions so paid shall be a charge upon each tax separately."

The Senate expense bill providing for \$5,000 was transmitted and passed first reading by title.

GARBAGE BILL

Rep. Andrade also presented the following letter from the Governor relating to the garbage bill:

"Conforming to the general plan as outlined in my message. I hand you the administration hopes to be able to collect sufficient to make the garbage department and sewerage system of Honolulu self-supporting. I leave it optional with the legislature as to whether or not they shall include Hilo and other points in the same bill.

'Very respectfully yours, "GEO. R. CARTER, "Governor."

The bill which was introduced by Rep. Andrade passed first reading without a dissenting vote. It is as follows: "Section 1. It shall be the duty of the Superintendent of Public Works, conforming to the requirements of the Board of Health, to direct and superintend the cleaning of the public streets and by-ways of the city of Ho- the \$4000 for the court "include unpaid nolulu, the removal and disposal of bills," but received no support. It garbage, dead animals and other was pointed out by Mr. McCandless nuisances therein, the cleaning of cess-

the public sewer in said city. "Section 2. The rates of charges for such services and for use of the sewer shall be fixed from time to time by the Superintendent, subject to the approval of the Governor, and shall be reasonably approximate to the cost of the work done and material used.

"Rates of charges for sewer use shall be fixed as nearly as reasonably may be, so that the entire yearly receipts for sewer use shall not exceed the total yearly cost of maintaining and repairing the sewers, together with the yearly interest on the bonds representing the cost of the sewer system.

"Section 3. The rates and charges herein provided for collection of garbage shall be payable to the Superintendent, quarterly in advance, and the charges for sewerage, yearly in advance: charges for cesspools, sewer connections and removal of animals and other nuisances, shall be payable on demand, and to secure payment thereof, the Superintendent may require a deposit in advance.

"If a sewer bill shall remain unpaid for 15 days after it is due, ten per cent in addition to the regular rate, shall be charged, and the Superintendent may, without further notice, shut off change the two main appropriation bills, the sewer connection, charging the exeach for nual action by the other, topense for so doing to the person holding

"All rates and charges shall be payable by the owners and occupants of the premises in respect to which the services are rendered, and who shall jointly and severally be liable therefor." The bill passed first reading by title and the House then adjourned.

THE SENATE

A report from the Finance Committee on the current expense bill was the first matter to come before the Senate when it met at 1:30 yesterday afternoon. The report was signed by all the members of the committee-L. L. Mc-Candless (chairman), Palmer P. Woods, D. Kalauokalani, C. H. Dickey and J. D. Paris. It recommended a few amendments and was adopted. A share of 4000 was taken off the Park Commission item, and this rider added: "Providing the present race track shall be kept intact, any repairs being made by those using the same." Rent of the kerosene warehouse was reduced \$200 to correct an error as believed. Associated Charities lost \$600. Traveling expenses of \$75 for the Third Circuit Judge and clerk and \$50 for the judge and clerk of the Fourth Circuit were eliminated, as the courts in question do not travel as formerly. An item of \$4000 was inserted for the Land Registration Court. Police incidentals were put in as a lump sum of \$16,800 for the Territory instead of \$4800 for Hawaii and \$12,000 for Oahu, Maul and Kausi. REPEAL BILLS.

Mr. Achi presented a report of the Judiciary Committee on the bill to repeal Act 13, Laws of 1903, signed by the whole committee-W. C. Achi, C. H. Dickey and John T. Brown. After due consideration they thought the bill should not pass, "for the reason that bills which may be incurred before or on June 30, 1904, may not be legally paid afterward." They recommended that the Act in question be amended by

"Section 6a. No payments shall be made under any of the appropriations under this Act for any bills incurred after June 20, 1904."

A similar report was offered by the "Section 5a. No payments shall be made under any appropriations of this

With regard to the loan appropriation

bill, the committee reported thus: "The Judiciary Committee to whom bill may require the approval of the President. We recommend that the bill and such things up there." be laid on the table."

the usual duties implied by such an of- the committee passed first reading.

COURT COSTS BILL

Mr. Dickey gave notice of a till reisting to costs of court. Under suspension of the rules it passed first reading. The same member automotted a concurrent resolution to the exect that warrants for the payment of salaries and mileage of members should not take precedence in payment of other Treasury warrants. President Crabbe informed him that the law did not allow what the resolution was against, whereupon the introducer asked that the resolution might lie on the table until called up.

ORDER OF THE DAY.

Senate bill No. 2, appropriating \$5,000 for the expenses of the Senate in special session, passed third reading with the ayes of the thirteen members present, viz.: Achi, J. T. Brown, Crabbe, Dickey, isenberg, Kaiue, Kalauokalani, Kachi, and Woods.

salary of the Judge of the Land Regis- June, 1905:
Tration Court be \$1800 a year, that of Be it Enacted by the Legislature of the Roads and Bridges, Fourth Disthe Registrar 1900 and those of other day of July, 1904, came up for second

Mr. McCandless moved it be referred appropriation bill.

Mr. Dickey said the bill only changed about four words of the Land Registration Act. There was no appropriation about it, an item of \$4000 for the court having already been placed in the appropriation bill.

Mesers. Paris and Achi both thought. the bill ought to go to the Finance Incidentals, Governor's Office ...\$ 500 Committee, the latter saying the idea of fixing the salary of the judge in the bill was to make him independent and prevent having his salary changed every now and then by the Legislature. The bill was referred to the Finance Committee.

Later, in consideration of the appropriation bill, Mr. Achi moved to make that this would eat up the appropriapools and connecting of premises with tion.

> CURRENT EXPENSES BILL. Senate bill No. 1, making special appropriations for the departmental uses of the Territory for the year beginning July 1, 1904, and ending June 30, 1905, came up for second reading with the report thereon of the Finance Commit-

> Mr. Isenberg broke into the reading by the clerk, the items passing by consent, to move for striking "fencing" out of the Hilo park item. "They will be making a cow pasture of it yet," he remarked, but his motion was not sec-

EMERGENCY ITEM

Mr. Achi raised the first debate by lifting the hatchet upon the emergency tem of \$25,000 for the Department of Public Works. He moved to reduce it to \$15,000. The people were crying out to keep the band, and if they were to keep the band they must cut down expenses elsewhere.

Mr. Paris was not in favor of reducing this amount at all. The Finance Electric Lighting Hilo Streets... Committee had gone before the Super-Lighting Streets other than Hointendent of Public Works and the Governor, and found that everything had been cut close. Should a storm damage roads and bridges the Superintendent without an emergency fund Running Expenses Laundries... would have nothing whatever with Curbing and Paving Governwhich to make repairs: \$25,000 for all the islands was little enough and Running Expenses, Sewers should not be cut down. It would only be used in case of necessity for re- Running Expenses, Excavator

pairs. Mr. McCandless contended it was absolutely necessary to keep that appropriation for an emergency fund. It was utterly impossible for the Superintendent to carry on the roads and bridges without that fund. If damage Landings, South Hilo was done how otherwise could it be repaired? Since the late storm the Landings, Kaual Waimanalo road had been in such con- Landings, General dition that not a wagon had been able Repairs to Wharves, General... to come over it to Honolulu. Four or Expenses Pilot Boats five bridges were washed away and there was no money to replace them. He would like to see the band kept but they must not cut down necessary expenses for the sake of music. If it was pleasure they wanted instead of

necessaries let them cut out that item. Mr. Dickey related what the Governor told the committee. The Superintendent had cut down other things to make up that emergency item. His department had cut proportionately as low as any other, as low indeed as the Governor asked;

The item passed as in the bill.

DIVIDING HONOLULU ROADS. Mr. Achi was successful in his next move at amending. This was to substitute the item of \$110,040 for roads and bridges, general, Honolulu, with two items amounting to the same figure, viz.:

Roads and Bridges, 4th District. \$60,000 Roads and Bridges, 5th District., 50,040 Mr. Dickey moved, seconded by Mr. Kalauokalani, to pass the item as in the bill. Mr. Achi told the mover he didn't know what Honolulu needed. The amendment carried.

Mr. Isenberg moved to refer all road items back to the committee, because he had learned that the schedule had been prepared without waiting for requested advices from road boards. He believed some districts got too much and others too little. Mr. McCandless made a statement that the committee had obtained full explanations of all the items, and Mr. isenberg then withdrew his motion.

NO AID TO UNCLE BAM.

Mr. Isenberg moved to cut out the item of \$2736 for aid to the U. S. Experiment Station. "We had a lot of experience the other day with this Pederal Station," the mover said. "A lot of Bluefields bananas was imported and the plants were one mass of perts. and because the Pederal Station dewas referred Senate bill No. 5 report manded that these bananas be admitoversight in the wording of the Salary that the object of the bill is to repeal ted our Board of Agriculture gave bill. way. We have a well-organised Board | The item was struck out by a vote of Agriculture of our own. If the lieve that the bill should pass, for the Federal department is too poor, let reason that any new loan appropriation them cut out some of their own men. They are only raising a few catcheres

Mr. Dickey said the Pederal Station Bath report was spopped in its order had gone into experiments here which for that heigh speeding vision for an Assistant Assessor, with and the amending bills submitted by it would not have done more a not led from conding and at for this bely. The lier has been re- adjourned

THE CURRENT EXPENSES A MEMBER APPROPRIATION BILL TO RESIGN

(From Saturday's Daily.)

Following is the current expenses Roads and Bridges, General, appropriation bill as it passed second reading in the Senate, excepting for the aggregate amount which was not inserted on passage. The net reduction from the original bill is \$3601:

An Act Making Special Appropriations for the Departmental use of the McCandless, Nakasaahu, Paris, Wilcox Territory during the Period Commencing with the First Day of July, 1904, Senate bill No.6, providing that the and Ending with the Thirtieth Day of

Territory of Hawaii:

Carter and Cooper Talk Over Board of Health.

(From Saturday's Daily.)

One of the members of the Board of Health will be asked to resign to make way for a president to be appointed by Governor Carter. A long conference between Dr. Cooper and the Governor took place yesterday at which any differences there might have been were patched up. In the meantime. Deputy Attorney General Peters is investigating the status of the present board; and will give an opinion as to its legality to the Governor very soon. It was at first thought that the board was illegally constituted, as having been appointed under the provisions of the old law, but it has since been found that the act passed by the last legislature antedates the commissions held by the present members.

Governor Carter said yesterday that he was perfectly willing to have Dr. Cooper remain on the board, his only wish being to have a new president. This was with the idea that the president should give all his attention to the work. The Governor stated that he had made no choice for the office yet, although a number of men had been discussed with various Senators, for the position. The Governor has ready his message containing the names of appointees, which will be submitted as soon as he is ready to nominate men for/Treasurer of the Territory and President of the Board of Health. The latter official will be chosen from outside the present membership, and Dr. Cooper will call a meeting of the board, toagree upon the member who shall tender his resignation. Governor Carter will not appoint a medical man to the place, so both Dr. Mays and Dr. Cooper will hold their positions, the law requiring the board to be composed of four laymen, two medical men and the Attorney General.

By the Sonoma, there arrived in Ho-nolulu the complete machinery for the pineapple cannery in Halku. The in-stallation of this factory is a direct fulfillment of what this paper has long prophesied. And this is not the only pineapple factory which will be established on Maui. The time will come when Maul will sell millions of dollars worth of canned pines annually, and some of us will live to see it.—Mauf

WHOOPING COUGHT.-This is a very dangerous disease unless properly treated. Statistics show that there are more deaths from it than from scarlet fever. All danger may be avoided, however, by giving Chamberlain's Cough Remedy. It liquifles the tough mucus, making it easier to expectorate, keeps the cough loose, and makes the paroxysms of coughing less frequent and less severe. It has been used in many epidemics of this disease with perfect success. For sale by All Dealers and Druggists. Benson, Smith & Co., Ltd., Agents for Hawaii.

NEWSPAPER ARCHIVE®

NEWSPAPERHRCHIVE®.

HAS THREE RICE AND OPPONENTS

Hard Against Stream.

(From Saturday's Daily.)

In his efforts to organize a new plantation on the ruins of the Kona Sugar Co.'s enterprise, Clinton J. Hutchins has a triumvirate of opponents to battle against. Judgment is recorded against him as trustee for the delivery. of the railroad property to Wm. W. Bierce, Ltd., of Chicago, on his appeal from which to the Supreme Court he is required by Judge De Bolt to file & bond in the sum of \$44,000. Robert L. Colburn has intervened in a suit against him to have himself declared a partner of Hutchins and others in the properties bought at the receiver's sale. The Kapiolani Estate, Ltd., is trying to enforce a writ of possession for the mill property of the defunct company. In connection with the lastmentioned matter, charges of misconduct in office have been presented to the Attorney General against Thomas Alu. Second District Magistrate of North

Judge De Bolt yesterday issued an order of execution in the case of Wm. W. Bierce, Ltd., vs. Clinton J. Hutchins, trustee, to take effect unless the defendant on or before 9 a. m. of April 15 deposit with the clerk a bond in the sum of twice the amount of the Dudgment. Defendant was allowed, in crops. another proceeding, until April 16 to file his bill of exceptions. AFFIDAVIT BY HUTCHINS.

Clinton J. Hutchins yesterday filed an affidavit relative to the suit of Robert L. Colburn, seeking to have the latter declared a partner with him and others in the properties purchased by afflant at the receiver's sale of the Kona Bugar Co.'s properties. He deposes that he has consulted attorneys and that there is no merit in Colburn's suit. He is informed that the suit will in no way interfere with the rehabilitation of the plantation formerly known as the Kona Sugar Co. plantation. He denies that the leases of lands on which it is proposed to continue a sugar plantation have expired but on the contrary states that they have from 15 to 25 years yet to run.

Affiant denies that the properties purchased by him at the sale cannot be continued as a sugar plantation for the reasons set forth in E. B. McClanshan's affidavit or for any other reason, but on the contrary he has practically completed a reorganization and that within ten days, as affiant believes, the said plantation will be in operation and its matters and affairs, so arranged that a sugar plantation will be continued upon the properties formerly constituting the Kona Sugar Co. plan-

Mr. Hutchins says he is able to take good care of all the properties involved and, as to the railway material involved in the Bierce suit, he expects to be able to reverse the judgment of the Circuit Court upon appeal to the Supreme Court. The possession of the railway which he believes became his property at the receiver's sale, he says is of vital importance to the continuance of the plantation.

He claims that the security on his former redelivery bond is good and sufficient and further states that he has filed in the present action a bond in \$25,000 that he will not dispose of any of his property pending the determina-

tion of the appeal. Finally, he represents the plaintiff on its own claim as being a foreign corporation, without agents here or property within the jurisdiction of the court other than that involved in this action, and says if possession is given to plaintiff the property will be dispersed either by sale to various parties or it will be removed from the jurisdiction of this court, and therefore if amant finally succeds in this case he will be unable to follow the property or to

recover damages from plaintiff. ANOTHER AFFIDAVIT. Guy F. Maydwell, attorney, in an affidavit says that the judgment of possession granted by Second District Magistrate Thomas Alu to Kapiolani Estate, Ltd., for possession of the Kona Sugar Co. mill property was stayed by an appeal therefrom to the Third Circuit Court, but notwithstanding said appeal Aiu, at the instance of the manager of the Kapiolani Estate, Ltd., John F. Colburn, in fraud of the rights of defendant in Bierce vs. Hutchins, issued a writ of possession under which the Estate was put in possession of the property and defendant ousted therefrom on March 28. He says the Second District Magistrate pretended to be acting under Secs. 17 and 18. Chap. 32. Laws of 1903, but that no true grounds were shown nor was any hearing had on any application for the issuance of the writ. Defendant had no opportunity of a hearing, "but the writ was issued surreptitiously and fraudulently, without the knowledge of defendant or his attorneys, and said magistrate was misled and deceived into issuing the same." A motion is pending before Alu to recall and set aside the writ, which affiant believes will be granted and it By today's steamer Misses Dowdie criminal cases will not be unduly hamnot be will proceed by certifrari to set and Moore, formerly connected with pered. as counsel can be heard. It is believed the First District Magistrate, George to decisions of the Supreme Court, and [Mogletrate is a man of no local learn-

Affected by War.

MAUL April 9.-The present Russo-Japanese war will soon indirectly affect the welfare of the Hawalians of Maul-that is it will cause a rise in the price of poi. Believing that there will be a great increase in the price of rice, many of the taro-planters of Waitheir present crop of taro is barvested will plant their patches with rice inthe old staple. Some of them have done so already.

Recently the cultivation of taro has been carried on most successfully throughout Wailuku district. The fly that formerly destroyed the crop, flourished only in stagnant water and was overcome by keeping up a circulation of water throughout the patches. The

fungus that more recently nearly ruined not waived, the accrued costs shall the industry was fradicated by the drying out, plowing up, and the enriching of lands at the end of each season.

Maul has been a moderate one owing to the production of fine and abundant

country in its present struggle. From cut in two. Hamakuapoko and Pala plantations alone \$2,000 are sent every month to Japan. Then there are agents of the Hawaiian-Japanese association stationed on all the plantations of the island collecting and forwarding money to the "Land of the Rising Sun."

In spite of the war, there is no dif-ficulty in obtaining laborers on the different sugar estates.

SEMINARY TEACHERS RESIGN. Friday afternoon, the Starthe trustees of Maunaolu Seminary met in the school building at Pala Hon. H. P. Baldwin presiding. Among other business transacted the resignations of three teachers, Miss Kate Snow, Miss Burgner, and Miss Rice, to take effect at the end of the summer term were accepted with regret. Miss Snow re turns to Virginia, Miss Burgner will go East to study and Miss Rice has ac- acting in his official capacity on behalf cepted a position in Sitks, Alaska. Burgner's position, and Miss Agnes Flerning of Grove Ranch in place of WOULD BE seventy pupils enrolled is prospering greatly under the direction of the new principal, Miss C. Snow.

DICKEY OR ROBINSON. ict clubs at held today will instruct their delegates elther for Senator C. H. Dickey or Tax Assessor W. T. Robinson as Maui's delegate to Chicago. Both gentlemen are popular Republicans and both probably will be elected at Honolulu as Maul's delegate and alternate to the national

EASTER SERVICE.

On Easter Sunday, the \$d, the interior of the Paia Foreign church was most elaborately decorated. Masses of beautiful callas grown on the slopes of Haleakala adorned the pulpit and the foliage of bamboo and ginger decorated other parts of the auditorium. Rev. Dr. E. G. Beckwith preached a fine Easter sermon and the music including a baritone solo by H. W. Baldwin was especially good.

Oh the night of the 3d Eleanor Carley, twenty months old, the second daughter of Mr. and Mrs. E. B. Carley of Paia, died of pneumonia after a brief iliness of a week. The funeral services at the house and at the cemetery in Makawao were performed by Dr. E. G. Beckwith. Quantities of beautiful flowers adorned the little grave.

NOTES.

NOT TARO! MUST PAY

Hutchins Pulling Maui Planters Are Dickey's Bill Carries Out Present Registrar Views of Judge Robinson.

Senator Dickey proposes, in his bill relating to costs of court, to put into effect Judge Robinson's ideas on the pay of jurors. It abolishes payment of jurors in criminal cases and taxes litigants with the fees of jurors in civil cases,

. The bill provides that the per diem fees of jurors shall be taxed as costs luku. Walehu and Walhee as soon as of court, to be paid by the losing purty. at the rate of \$2 a day to each jurgr; provided, however, that no per diem fees shall be paid to either grand or stead of continuing the cultivation of trial jurors, or taxed as costs, in any criminal case.

written bond in not less than \$100, with sufficient surety or sureties approved by the judge or the clerk, conditioned on the payment of all costs. If there are two or more parties on one side, a single bond is sufficient Failure to file a bond shall be deemed a waiver of trial by jury. When-ever, in a case where trial by jury is equal the security previously given, another bond in \$100 is required. Fallure to file a bond is made ground for dismissing the case without prei-Of late the market price of taro on udice as to the plaintiff or for judgment by default against the plaintiff, according to the side so failing to lile a bond.

For every half day in which Apropos of the war the Japanese of stenographer is employed, a fee of \$5 this island are sending away monthly is taxed as costs. If two cases are large sums of money to aid their native wholly tried in half a day, this fee is

Fifty dollars is taxed in the Supreme Court as costs on all appeals, and \$25 on all other cases. In every case except habeas corpus the money is to be deposited with the clerk as a condition precedent to placing the cause on the calendar, provided that in a submission one-half of that amount is to be deposited by each party.

Any appeal bond or bond for costs may be enforced or applied for the payment of costs, notwithstanding that the costs may be adjudged payable by any other party, in which case the party or parties paying may by appropriate proceedings obtain reimburse ment from the party or parties adjudged liable. Summary judgment on s bond may be entered at the instance of a clerk or any party interested. 'Neither the Territory nor any officer

TREASURER

chosen for the Hilo convention to vote The Governor Has Many Names From Which to Choose.

Governor Carter has half a dozen names from which the new treasurer will probably be picked. He has been consulting with Senators for several days on the appointment, but so far no conclusion has been reached as to Kepolkal's successor. Governor Carter wishes to place a man in the position satifactory to the Senate and the banking interests, who will have to deal most with the treasurer. Among the names being considered by the Governor for the position are those of H. C. Meyers, Deputy Auditor; Henry Hapai, Registrar of Public Accounts; George Smithles, Deputy Insurance Commissioner; T. F. Lansing, an extreasurer: J. W. Pratt, Land Commissioner; L. E. Pinkham and A. J. Camp-

"A good many people are urging the appointment of J. W. Pratt," said Governor Carter, "but I believe that there are greater opportunities for Mr. Pratt in the land office, where he can make a record for himself. He is too big, in my estimation, for the treasury office, where there isn't enough work to absorb all his energy or capacity. . The public does not realize how valuable a man he is in the land office. The lands are our assets for posterity and wise brated her birthday by entertaining and efficient management is vital. Two years with Mr. Pratt in that office will make a great difference, and I am sure that it will be such a success that the lands will not be taken away from us as was once threatened." **********

Likely to Get Promotion.

Henry C. Hapai, Registrar of Public Accounts, is the probable choice of Governor Carter and the Senate to succeed Judge Kepolkai as Treasurer. The politicians have been talking the matter over lately, and it seems to be pretty well understood that Hapai will be offered the place. Hapai has not been a candidate for the office, in the light of seeking for the position, and was probably the most surprised man in Honolulu when his name was mentioned in the list of men being con-Each party in a civil case must file sidered by Governor Carter. Hapai has been in the Treasury office for years and has virtually conducted its affairs for a long time past. He is considered therefore to be entitled to the promotion, and unless the present situation changes, his name will be sent to the Senate some time this week.

DELEGATES THE SESSION ARE NAMED

Is Republican Pass Off Very Quietly.

Republican primaries passed off without incident yesterday afternoon. The vote was not large, little interest being manifested in the choice of delegates. Would-be delegates for St. Louis are still figuring "where they are at."

FIRST-FOURTH.

In the First Precinct of the Fourth District, the six delegates elected and their vote was as follows: S. K. Kamaiopili 87, W. W. Harris 86, S. M. Kanakanui 84, W. H. Charlock 78, C. A. Brown 70, W. W. Chamberlain 68.

SECOND-FOURTH.

In the Second Precinct of the Fourth there were seven nominees and but six delegates to be named. The first six of the following were elected: John A. Hughes 76, W. T. Rawlins 78, Frank Kruger 80, J. A. Gilman 64, Captain R. Daybel 67, Gus Schumann 65, Hiram Kolomoku 48.

THIRD FOURTH.

In the third of the Fourth the first four named were elected: Alex. Nicholas 88, F. P. McIntyre 81, Antone Manuel 81, R. N. Boyd 90, Geo. Kluegel 79, Sam. Mant 46, J. Hina 17 and A. McCabbe 36.

FOURTH-FOURTH.

In the Fourth Precinct of the Fourth District, Breckons is credited with having obtained seven of the nine delegates. Crabbe and Alex. G. M. Robertson polled the highest vote. The nine delegates elected were C. L. Crabbe 152, A. G. M. Robertson 143, E. C. Peters 124, E. W. Quinn 186, J. W. Short 118, W. W. Carlyle 114, A. V. Gear 105, Henry Peters 105, J. F. Morgan 99, The remaining candidates received the following votes, Andrade 47, Castro 61, Chillingworth 43, Durao 44, Kumakau 30, Love 62, Loons 30, Samuel Parker 12, A. V. Peters 42, Savidge 47, Still-man 24. Parker withdrew from the contest but his name was left on the

FIFTH PRECINCY, FOURTH DIS-TRICT.

The election in the Fifth Precinct Fourth District, in Kakaako, proceeded quietly, only a small vote being polled. The election of convention delegates was as follows: Samuel Johnson, W. H. Kailimai and E. K. Rathburn. SEXTH PRECINCT, FOURTH DIS-TRICT.

The down town precinct, Sixth of the Fourth District, was given a small vote and the poils were closed up early. The delegates elected are J. C. Cohen, F. L. Dortch and J. S. McCandless. FIGHTH PRECINCT, FOURTH DIS-

TRICT. The election in the Eighth Precinct, out of voters was small, but as there was only one ticket in the field, the same result was obtained as if by a big vote. The delegates elected are as follows: J. J. Belser, Kawai George, J. C. Quinn, C. L. Beal, C. W. Zelgler, J. W. Girvin, W. J. Karratti, Geo. E.

FOURTH-PIFTH Chris Holt and Meyer were elected from the Fourth of the Fifth.

Smithles:

SIXTH-FIETH. There was no contest in the Sixth, J. A. Low, L. L. McCandless and D.

SEVENTH-FIFTH

The Seventh Precinct of the Fifth was almost as quiet yesterday, as on the day of nominations. The election passed off peaceably, the Vida ticket being elected by almost double the vote of the Stewart nominees. The first six named are the delegates—H. C. Vida 167, Mealoha 162, William Henry 167, Isaac Sherwood 169, Kaahanui 166, Henry Huka 164, Joseph Fern 59, T. McCants Stewart 51, Kaneae 50, K. G. R. Wallace 60, Barker, 60, Charles Clark 62, Cocket 19. After the count had been finished and

the result announced Mr. Stewart said that he intended to support the Republican party as always. Charlie Clark as soon as he found out how the vote was going, said he was again done with the Republican party for ever and William Olepau made the same announcement. A Colonel Knox, inmate of Kalihi camp, also said he was going to leave the Republican party to itself in the future.

EIGHTH-FIFTH.

In the Eighth of the Fifth there was but one ticket. The vote was W. C. Achi 45, J. C. Lane 48, S. C. Dwight 41, P. Silva 34.

NINTH-FIFTH.

The total vote in the ninth was 115, the first five being elected: J. B. Kalakiela 97, J. E. Shaw 91, F. T. P. Waterhouse 69, Geo. S. Harris, Jr. 59, A. F. Judd 59. H. Meek 48. S. L. Kekumano 42, L. K. Ka-ne 32, Chas. Kanoi 27, Wm. Lucas 19.

TENTH-FIFTH. In the tenth of the Pifth the vote was Bolster, A. D., 21; Issac, W. K., ti; Kelekolio, B. H., 11; Maloi, S. K.,

17. Boltser and Issac are elected.

Primaries Both Houses Businesslike in Spirit and Performance.

AS IT GDES

After four days of the special session of the/Legislature, the prospect entertained yesterday was that adjournment should be reached next Saturday afternoon. Thus far the greatly preponderating disposition of both houses has been to carry out the scheme of readjustment of Territorial finances, whereby current expenditures should be kept within current revenue, which Governor Carter submitted in his most businesslike message at the opening. Changes made in the schedules have been of strictly reasonable character and for the most part, too, upon careful investigation of committees and consultation with the Governor.

The two principal measures have each passed third reading in one chamber-the salaries bill in the House and the general expenses bill in the Senate. Tomorrow each house will take up the one passed by the other, for the three further readings by itself before it goes to the Governor for signature. So little deviation has there been from the original bills by the houses where they were respectively initiated, that it is exceedingly doubtful if either will now make a conference necessary by altering the work of the other.

Several other measures are well under way, all of them related to the prime object of the special session, namely, the placing of the Territorial Government upon a sound business footing. Bills relating to the assess ment and collection of taxes, the costs of court, the Honolulu garbage service, the Land Registration Court and the Registrar of Conveyances are distributed between the two chambers. They are all intended either for the consolidation of services for economical administration or the derivation of revenue from services for private interests so that the public treasury may not be burdened thereby. About the only exception of departure

from the well-understood program for the session is the notice given of a county government resolution by Representative Kupihea, one of the most impractical of Home Rule members and inveterate of factionalists. Every indication at present, however, is that the bone of contention will be thrown out upon the rubbish heap. Although the Home Rule party seemed to have the House in control at organization proceedings, when Speaker Beckley quietly installed the 1903 organization without asking leave of the body and the Home Rulers filled vacancies therein, the Republican party has reclaimed so much of its originally elected majorlity, which was lost in the sessions of last year, as to dominate the legislation. The Senate exhibits scarcely a trace of factionalism, its divisions being only those of individual opinion. There is evident in the upper chamber an earnest and honest desire all round Fourth District, took place at the to perform the best possible service for Territory in its present sum

who have used it, or are now using it, we have never heard of any one who has been disappointed in it. No claims are made for it except those which are amply justified by experience. In commending it to the afflicted we simply point to its record. It has done great things, and it is certain to continue the excellent work. There is—we may honestly affirm—no medicine whichcan be used with greater and more reasonable faith and confidence. It nourishes and keeps up the strength during those periods when the appetite fails and food cannot be digested. To guard against imitations this "trade mark" is put on every bottle of

"Wampole's Preparation," and without it none is genuine. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. Taken before meals it creates an appetite, aids digestion, renews vital power, drives out disease germs, makes the blood rich, red and full of constructive elements, and gives back to the pleasures and labours of the world many who had abandoned hope. Doctor S. H. McCoy, of Canada, says: "I testify with pleasure to its unlimited. usefulness as a tissue builder." Its curative powers can always be relied upon. It makes a new era in medicine, and is beneficial from the first dose, "You can trust it as the Ivy does the Oak." One bottle convinces. Avoid all unreliable imitations. Sold by chemists throughout the world.

AMERICAN PROSPERITY.

Domestic manufactures exported in February, 1904, were greater in value than in any preceding February, and formed also a larger per cent of the total exports than in any preceding February. For the eight months ending with February the total manufactures also exceeded the total in the corresponding eight months of any earlier year. The fiscal year 1900 was the banner year in exports of manufactures from the United States, but from present indications the fiscal year 1904 will show an even larger total of manufactures exported. The month of Februsry shows a total of thirty-eight million dollars worth of manufactures exported, against thirty-four million dollers in 1900, while for the eight months ending with February the total is two hundred and eighty-eight millions against two hundred and sixty-eight millions in the same months ending with February in 1900.

These figures, which are presented by the Department of Commerce and Labor through its Bureau of Statistics in its publication entitled "Advance Sheets from the Monthly Summary of Commerce and Finance," indicate pretty clearly that the fiscal year 1904 will show a larger total of manufactures exported than any preceding year. In the eight months for which a record is already made the total exceeds by twenty millions that of the highest record previously attained, that of 1900, while the fact that February, 1904, exceeds by four millions the figures of February, 1900, also indicates that the increase noted in the earlier months of the year is continuing in the latest available months and thus likely to carry the year's total considerably beyond that of 1900. Not only in the grand total of manufactured exports does February exceed that of the corresponding month in any preceding year, but the percentage which manufactures form of the total is also larger than in the same month of any earlier year. For February, 1904, manufactures formed \$2.63 per cent of the total exports of domestic products, while the largest percentage shown by any earlier Februsry was that of 1902, when manufactures formed 21.84 per cent of the total exports. For the eight months ending with February the percentage which manufactured exports formed of the total is slightly less than in the corresponding months of 1900, being for 1904, 27.04 per cent and in 1900, 29.68 per

conditions in 1904 with those of 1894, it may be said that the exports of manufactures have grown from twelve millions dollars in value in February, 1894, to thirty-eight millions in February, 1904, or over three times as much in February, 1904, as in February, 1894. For the eight months ending with February, 1894, the total value of manufactures exported was one hundred and twenty-three million dollars and in the eight months ending February, 1904, two hundred and eighty-eight millions, or two and a third times as much in 1904 as in 1894. Comparing with 1890, it may be said that February of 1890 shows a total exportation of manufactures of ten and a half million dollars against thirtyeight millions in 1904, and for the eight months ending February, 1890, of one hundred millions against two hundred and eighty-eight millions for the same months in 1904. In February, 1890, manufactures formed 15.27 per cent of the total exports and in February, 1904, \$2.53 per-cent; in the eight months ending with February, 1890, manufactures formed 15.58 per cent of the total exports and in the eight months ending with February, 1904, 27.94 per cent. Thus manufactures are not only increasing rapidly in their grand total of value exported, but also increasing the percentage which they form of the

The increase in exportation occurs in nearly all important articles or great groups of articles. Over 80 per cent of the total value of manufactures is included in the ten groups of articlesfron and steel, mineral oils, copper manufactures, leather and its manufactures, cotton goods, agricultural implements, scientific instruments, chemicals, wood manufactures; cars and carriages, and scientific instruments-and their relative magnitude is indicated in the order in which they are here stated. Of these great groups, which form over 50 per cent of the total exports of manufactures, all except cotton goods show an increase in the eight months ending with February as compared with the corresponding eight months of the preceding year. Iron and steel manufactures show an increase of about five million dollars for the eight months, mineral oils about eight millions, copper manufactures about twelve millions, agricultural implements, two and a half millions, scientific instruments one million, leather and its manufactures, wood manufactures, and cars and carriages, and obemicals less than one million each, while cotton manufactures show a reduction of six millions, due in part to the temporary reduction in demand in the Orient and in part to the high prices of raw cot-

ton.

A DANGEROUS EXPERIMENT.

Some of the Senators are attempting dangerous experiment in tinkering with the appropriation bills. No one questions the right of the Senate or the House to alter the measures submitted by the Governor, but to change the one without offering something better will not shorten the present session. The House has set a proper example

in the first week of the session. The Republican members, in order to facilitate matters, have agreed to bury their own opinions and accept the Governor's recommendations without change. If now the Senate goes ahead and changes the items in the sciery bill, it vill leave the door open for the House to do as it pleases. Necessarily it is harder to hold thirty men in line, than the more compact Senate, and it cannot be done at all if the House members feel relieved of responsibility by the precedent set in the senior body. It seems much better to let well enough alone, and to pass the salary bill as the House has done than to take chances with a conference committee which will give the Home Rulers in the House the onportunity for which they are waiting:

In many of the cities and counties of the Eastern States indigent patients are cared for in private hospitals at government expense. The system in vogue there is the allowance of a per diem rate for each patient sent to the hospital by the proper government authorities, who also take care that the taxpayers are not imposed upon. Probably in the local hospitals, which have been enjoying subsidies at the hands of the Territory, are free patients who are capable of paying their own way. In order to aid the hospitals somewhat the legislature might make a lump sum appropriation for care of indigent sick, to be paid out upon the approval of the Board of Health or some specifically named officer, whose duty it will be to see that the government is not imposed upon by the people who are able to pay for medical attendance.

As possibly the first paper in the United States to suggest that the Japanese may not mean to advance beyond the Yalu except by raids the Advertiser is naturally pleased to find that the same idea is entertained by military experts. This is from the New York Tribune in a Washington dispatch about the opinions, regarding the Japanese campaign, of the General Staff:

An officer of high rank said that he was satisfied the Japanese did not intend to advance into Manchuria across the Yalu, and that all trustworthy reports indicate an intention by the Japanese merely to hold their position across Kores from Ping-Yang to Wonson, and thus prevent the Russians from overruning Korea.

The officer anticipated, however/that another army would land to attack the Liaotong peninsula. This is not so improbable as that one would permit itself to be lured into the interior of

There is a general hope, the House having done so well, that the Senate will not disturb the orderly progress of the Legislature towards the adoption of the Governor's estimates. He has framed a fair working scheme which, if it does not impose a horizontal cut, reduces wherever reduction can be made without harm to the public service. Off-hand changes in the schedules are apt to cut a vein. It is of course possible to improve on the Executive proposals but experiments of that kind may well await the regular session of the Legislature. The latter has had two tries already; now let it give the Governor a show.

The Advertiser is informed that Mr H. C. Birbe, at the Seventh Precinc meeting of the Fifth District on Saturday and at other times and places, has sought information and privileges as a reporter of this paper. The name of Birbe has never appeared on the payroll of the Advertiser nor has he been hired or recompensed by us for any kind of work. -Occasionally Mr. Birbe, like many others, has brought in election returns or tips, all of which were written up by others. This journal cannot permit itself to be represented by unauthorized persons and regrets that Mr. Birbe should have put it in any false fight.

There is little use in the Baltic fleet trying to reach the Far East. It has no coaling stations en route and cannot lawfully use neutral ones. Colliers might be taken along but loading from them is precarious business. Before fighting, such a fleet would need, after a voyage of 15,000 miles, to go into dry dock, but by the time the Baltic fleet could reach the Orient, Port Arthur, Dainy and Vladivostok might be blocked up. What then? Under all the circumstances it is not surprising to hear a rumor that the Baltic fleet will be

Senators assume a good deal to expect the House to meekly accept their changes made in the salary bill. Memhers of the House laid aside their own by Governor Carter, rather than to take the time and the faxpayers' money to turn up in the Home Rule carmy draw up he own scheme of economy. To ask the House also to accept the views of the upper body is expecting too much. If the Senate expects to reach an agreement in conference the bill should be changed again to coin- Mani Republicans, who have sire cide with that passed by the House.

kept at home.

TWO NATIVES HAVE A BAD CUTTING AFFRAY BACK OF PUNCHBOWL

two men carved each other in a frightful manner at a late hour last night. As a result Kalama Hana, an Experiment Station laborer, was being operated upon by Drs. Wood, Waterhouse, and Emerson at the Queen's Hospital and it was not thought he would live. The man who inflicted the wounds, Dan Kamai Kahili, a longshoreman, was siso severely cut about his right hand and after having his wounds dressed was locked up to swait the outcome of Hana's injuries

Kalama Hana, his wife, a child, and two other natives live in an eight by ten foot shack on Punchbowl slope, at the junction of the two Punchbowl roads with the Tantalus road. In the same vicinity lives Kahili and many other poor natives and the whole community has banded itself into what is called a "Poor Man's Club." The natives claim that the object of the association is for those who have work and good health to assist the members temporarily without work or sick and should a member die to pay his burisl expenses. The police think that the 'Poor Man's Club" is simply a swipes joint. At any rate Hane and Kabili were drinking last night. According to Kahill's story he considered his partner drunk and tried to take birn home. In the lantana near Hana's home, Kahill says that Hans became angry and stabbed him in the wrist with a knife. Then he seized the knife. While the

Crazed by liquor served to them at stabbed in the shoulder and a very big some illicit shop in back of Punctibowl hole was cut in his body. The latter ing from his home since Wednesday was a wound from which men seldom

> Then Kahili threw the knife away. He picked up Hana and carried him to the latter's house. There he was laid out on the floor and Hana's wife sat with him in a pool of blood. Then Kahili took a chair and sat down in the same room. A member of the household telephoned to the police station and Deputy Sheriff Chillingworth and other officers hastily went to the scene. They took charge of Kahili and a hurry call brought the patrol wagon and Dr. Emerson. The wounded man was patched up a little and removed to the Queen's Hospital. He was still At the hospital Kahill's badly injured hand was dressed and he was then taken to the police station.

QUBAN SUGAR SWAMPS 'EM.

Big Increase in Imports Follows Re

duction of the Duty. NEW ORLEANS, March /25 -- As a result of the reduction in the duty on Cuban sugar under the reciprocity treaty, the importations at New Ofleans have become so large that they have swamped the Customs Department here. The Secretary of the Treasury was asked today by telegraph to allow the employment of extra men, and the request was granted. The linports for January were 6,177,802 pounds, against no importations, for the same month last year, 29,835,737 pounds during February, and 54,872,260 pounds up knife was in Kahili's hands Hana was to yesterday.

THE MEANING OF JAPAN'S CAUTION ON THE YALU

Something of sufficient importance to cause an essential modification of Japan's plan of campaign has very probably happened in northern Korea. This is the theory upon which the newspapers of continental Europe account for the banishment of all war correspondents from the front. These enterprising young men, we read in the Fremdenblatt (Vienna), were overjoyed at the prospect of a termination to their period of impatient idleness at the extreme rear. A few of the more favored were actually making for the theater of war, and others were to follow. But now all permits are revoked without a word of warning, and the secrets of Ping Yang, Wonsan, and other familiar places reutain impenetrable. .

- Lordon newspapers are at no less to account for all this Japanese caution. The Mikado's subjects are a secretive people, we are employment as first mate. J. J. Dunne reminded by the London Times, and they have not yet wholly grasp- is Lesslie's attorney. ed the Western idea of discussing one's allairs in the newspapers. The Japanese are well aware of the enormous moral significance of 1903, he lost time from a sprained foot a first victory over a white foe, thinks the London Standard, and they are making that victory certain through the establishment of a strategic zone impassable by war correspondents. The St. James' Gazette (London) seems as expectant as ever of "a great surprise," reflecting credit upon the military prowess of Great Britain's ally, while the London News continues to wonder if the Russians may not become victims of some gigantic mystification engineered from

Short work is made of all these hypotheses on the continent of Europe. The military expert of the Journal des Debats (Paris) reminds us that it is the Japanese who are supposed to suffer from delay, and he speculates as to whether present delay can be of a voluntary character, since Japan is said to command the sea. The Temps (Paris) points out that a new and capable Russian com- and H. A. Baldwin; 11th, W. F. Pogue mander-in-chief is hurrying to Manchuria to lead the Czar's army, 13th, Geo. E. Cooper and M. H. Reuand Japan, presumably, may wish to strike her first blow before his Joseph. appearance upon the scene. The Figaro (Paris) considers it certain that Japan's fleet sustained serious injuries before Port Arthur, SECRETARY "JACK" "of which the secret was kept," and it infers that the main army, wherever it is, may have met with misfortunes and obstacles of which nothing is revealed. And that candid critic, the Fremdenblatt (Vienna) suspects Japan of having too promptly taken Russia's measure. The inglorious Russia of recent watery catastrophes is not, we are told, to be confounded with the mighty Russia who is now to show her superior familiarity with continental areas.

These general considerations are strengthened, in the opinion of our continental authorities, by the military situation that now presents itself on the banks of the Yalu. The real cause of the long wait, asserts the Figaro, is to be found in the great superiority of Russia in cavalry combined with the admitted inferiority of the Japanese in that arm. The Fremdenblatt would sum it up in the word "Cossack." It interprets all reports of recent skirmishes between outposts in the region north of Ping Yang as evidence of Japan's inability to pierce the Cossack line-at least for the present. And the French paper thinks that Japan's superiority in numbers south of the Yalu does not materially affect this situation. The Cossacks are holding the Japanese back while Russia mobilizes near Harbin or, perhaps, farther north. The number of Cossacks thus engaged daily increases, a fact of dire import to Japan, if we may accept the verdict of the pro-Russian French organ.

The origin of the county commission resolutions killed by the Ninth Republican Precinct the other evening is easily traced. Representative Kupibea appeared in the House Saturday with resolutions of a similar tenor, and with the Home Rulers in back of himopinions to accept the plan submitted Strange, isn't it, how the measures of these self-styled Republicans invariably

> Ex-Tressurer Kepolkal has a happy issue out of all his troubles and P find on the Maul bench a congrenost. His appointment will entist?

Returns are as follows, with a new election ordered in the 14th. 3rd, S. Kapu; 4th, R. C. Searle; 6th, W. T. Robinson, W. E. Bal and D. H. Case: 7th, R. W. Filler and W. D. Hardy; 8th, James Scott; 9th, David Morton; 10th, S. Kalama, C. H. Dickey ter; 14th, J. K. Kanamu and Levi

There was one good joke on Secretary of the Territory Atkinson during the visit of Prince Pu Lun. The royal personage is not without a sense of humor and he used it often at the expense of Secretary "Jack." The latter found that the Prince was particularly fond of repartee and the Secretary entertained him hugely. But one time the tables were turned sharply on the Secretary.

"I have not observed that your Highness drinks water," observed the Secretary. "Is it a national custom to refrain from its use as a drinkable?" When the question was interpreted

to the Prince by Wong Kai Kah, the heir to the Manchu throne looked sagely at the Secretary and then made answer in Chinese which was interpreted

"Well, I drink it sometimes-I like it and that is why I do not like Chinese with them. However, I slways accustom myself to the babits of the country in which I am travelling, and 1 n Manchuria, Alexiest now says that have not observed that your excel-

RUSSEL IS SENTENCES HOME AGAIN

Plantation Scheme.

(From Monday's daily.)

Dr. Nicholas Russel, of Olaa, who left for Russia five months ago to secure capital for a new plantation on Hawail, returned on the Gaelic yesterday having been cut off from communication, by the war, with men who were willing to subscribe three or four times was proposed to issue. Dr. Russel will keep the project in abeyance for awhile until he secures capital from other sources. In the meantime, Dr. Russel intends to remain in Honolulu to practice his profession, and his wife will manage the plantation near Olan.

"I had a very pleasant trip," said Dr. Russel at the Alexander Young Hotel yesterday. "I was in both Japan and China but did not see much of the war, excepting its effect upon business. In Shanghal and Japan business is practically dead as a result of the war. The Siberian traffic has stopped entirely and the people are suffering more from tion had left the Territory. E. A. business depression than we are in Ha- Douthitt represented the defendant.

PLANTATION PROSPECTS.

"My plantation? The stock of \$2,000,-000 was subscribed two, three or four times over in Russia, I was informed curtain dropped and it was absolutely defendant. impossible to get further communication. Once the war started I could do nothing there, so I came back here, as I can reach my Russian agents quicker via America than from China. I have agents in Japan, China, Russia, Germany and on the mainland and expect to have no trouble in getting capital to start the plantation I control five thousand acres in the Olas district. For the present I intend to do nothing, and may practice my profession in Honolulu, and let my wife run the little plantation on Hawaii. She is able to do ft.

"There is a tremendous field for American investment in China, not 20 much in commerce as in the industries. The United States has a great mission to perform in China, in the introduction of machine labor intend of hand labor. American capital must take in lead. There is no use in venturing there without means for there is no room for the small capitalist.'

WONG KAI KAH'S FINE ENGLISH

Wong Kai Kah, Vice-Commissioner accompanying Prince Pu Lun on the Gaelic, is a most accomplished scholar, whose command of English astonishes those who come in contact with him. Wong Kai Kah is a Yale graduate of the class of 1883, and was in the college with Toney Afong and Chun Lung, both well known to Honolulu.

In all the time the Commissioner has been away from his alma mater he has not lost the art of speaking perfect English, and is therefore a most valued companion to the Prince who speaks no English at all.

WORK TO BEGIN AUGUST FIRST

Plans for the Marine Hospital station on Quarantine Island have been completed, and Architect Roberts who was sent here by the Treasury Department to pass upon the matter will return to the coast on the Sierra or China. But few changes were made in the details of the plans already approved and as soon as the specifications are completed Dr. Cofer will call for bids. Mr. Roberts expects that work will be commenced on the new station not later than August 1st. The appropriation for the work is siready

W.O. SMITH ON HIS WAY HOME

Mrs. W. O. Smith received a cablegram from Mr. Smith, Sunday, stating that he was in Chicago en route to Honoisis. Mr. Smith expects to go right through to San Francisco and will arrive in Honolulu on either the Ventura of April 20, or the Korea, April 23. He has been in Washington for several months past, taking a prominent part in Hawalian legislation before Congress.

KALUA'S CLERK **GETS NO MONEY**

NEARLY COMPLETED WILL TRY PRINCIPAL MEASURES

(Continued from Dake L)

In the Senate the salary bill received from the House passed second reading yesterday, to be read a third time today. Some of the changes were radical, such as cutting \$10,000 off the Oahu police Hana Plantation to Get Grand Jury Receives its and providing \$15,000 to keep the band alive. Proposed amendments involving a material alteration in the registration of conveyances, intended to paye the way for ultimate amalgamation of the old mode of recording land titles with the Torrens system, were, on the other hand, abandoned. It was ascertained from members of the Finance Committee, after the Senate adjourned for the day, that the bills introduced for the same purpose would be laid on the table. To take up such important business at this session might open up an interminable vista of legislation and thus defeat the initial understanding that nothing but strictly financial measures were to be

THE HOUSE.

Kupihen introduced his resolution on the opening of the House session yesterday morning. It was as follows: "Be it resolved by the Legislature, of the Territory of Hawall in its special 1904 session that a commission of one by the Governor of the Territory to draft a County Bill to be submitted to the next Legislature."

Harris immediately moved to table the resolution and the motion carried on the following vote: -Ayes Andrade, Aylett, Chillingworth, Gandall, Greenwell Hala Harris, Kalli, Kalama, Kelilnoi, Knudsen, Lewis, Long, Nakileka, Pali, Vida, Wright-17.

Noes-Damiana, Fernandez, Kaniho, Kealawaa, Kou, Kumalae, Kupihes, Oll. Paele, Pulsa.-Il.

Kellinol then presented a similar joint resolution which carried on the same showing of ayes and noes. The second resolution was as follows, taking the power to appoint from the

Whereas, the Legislature of the Territory of Hawaii has been convened in special session to consider the seri-ous financial condition of the Government, and

"Whereas, the people of this Territory have expressed themselves in favor of a county government; therefore, "Be it Resolved: That a commission be and is hereby appointed to be composed of five members, to be known as the county commission to draft a County Act to be presented at the next regular session of the Legislature, such ommission to be appointed as follows: One member by the Governor, two members by the Senate, and two members by the House of Representatives of the Territory of Hawaii; and the compensation of said members of the commission to be such as the Governor in his discretion shall fix."

Then Kupihea asked leave to introduce the county bill of which he gave notice Saturday. The measure was voted down almost unanimously. The Senate expense bill passed third eading, Kupihea, Kalama and Paele voting against it.

The tax assessor and the garbage and erage bill both passed third reading without objection. The sewerage bill was changed to take effect upon àpproval. The malicious injury bill introduced

by Andrade passed second reading. The House then adjourned to this morning at ten o'clock, the current expense bill to be considered in caucus

Four bills passed third reading in the Senate yesterday morning. One was to amend Act 56 of 1903, relating lowed \$4, making the balance due the to the Land Registration Court. It tell and others presumed the Superinestate \$574.13. Receipts were: August provides that the salaries of the Judge and the Registrar shall be as appropriated by the Legislature and those of other officers and employees as fixed by the Governor, also that fees collected by the court shall be Governfinally passed was that appropriating \$10,000 to pay the sessional expenses of the House of Representatives. The two others amend the current expense. and the salary appropriation bills of adopted: 1903, providing that they will have no effect after June 30, 1904.

Senate bill No. 10, relating to the Registrar of Conveyances, was read a second time and referred to the Judichary committee. Senate bill No. 11, to and pay of employees of the Territory amend Act 55 of 190,3 relative to registering and conferring titles to land, took the same course.

Mr. Paris introduced one of these bills on Saturday. It provided for a Bureau of Conveyances, with the Treasurer of the Territory ex-officio as Registrar. A deputy registrar will personally superintend the bureau. The Registrar may appoint agents throughout the Territory to take acknowledgments for record in his office. An amendment to the old registration law provides that in case of the death, removal, resignation, or disability or absence from Honolulu, of the Deputy Registrar of Conveyances, the Registrar of the Court of Land Registration shall become the acting Deputy Registrar of Conveyances, with full power to act during the interim: also, that nothing in that section shall be construed to prevent the same person from being appointed to the offices of Registrar of the Court of Land Registration and Deputy Begintrar of Convey-ADCPS. The bill door on

titles in this Territory, and that the Torrens system.

The other bill was a substitute from the Judiciary committee for Mr. Dickey's bill previously mentioned. Its amending section reads thus:

Section 13. The Judge and Registrar of the Court of Land Registration shall receive such salaries as shall be appropriated by the Legislature. In of examiners of title shall be paid out of the expenses of the Court, according to a schedule fixed by the Governor. All fees or costs received by any assistant registrars with an application shall be transmitted with such application to the Registrar.

THE SALARY BILL.

House bill No. 1, appropriating salaries and pay of employees of the Territory during the period commencing with the first day of July, 1904, and ending with the thirtleth day of June, 1905, came up for second reading. This process did not go far until several items were questioned without any information to sustain objections: Senstor Woods thought it a waste of time to discuss the bill in the dark and moved to refer it to the Finance committee.

The motion carried and, after some conversation, the Senate took recess until 3 o'clock to enable the committee to report. Mr. Isenberg presided while the bill was under consideration AMENDMENTS.

Mr. Achi first broke the monotony of the reading by objecting to the official titles, "Assistant Assessor, Oahu," and First Deputy, Honolulu," for the first taxation district. The Senate declined to adopt his amendment to make the titles "Deputy Assessor, Oahu," and "Second Deputy Assessor, Oahu."

Mr. Achi's proposal to strike out the salary of Registrar of Conveyances and give it to the Deputy, because there was a bill before the Senate making the Treasurer ex-officio Registrar, was lost after Mr. McCandless had cautioned the Senate to walt and see what

was to be done; Mr. Dickey had no second in moving Works. He said the stenography business had become very much overdone in public offices. When Mr. McCandless then moved to strike out the clerk told the mover he did not know what not another clerk in Government employ who was so hard-worked as this

one. The motion was withdrawn. Mr. Achi had "Superintendent of Garbage" added to the title of "Road Supervisor, Honolulu," saying that one man was now filling both offices.

It was when Mr. Achi raised a discussion on "Pay Roll, Roads and Bridges, Honolulu," that the Senate discovered its lank of information. The objector, did not see why there should be a pay roll for Honoluly and not for other districts. Mr. Dickey could not tendent of Public Works knew what he wanted. Mr. Woods prevented blind action by moving to refer the bill to committee.

OTHER BUSINESS.

With amendments recommended by the Judiciary committee, Mr. Dickey's ment realisations. Another of the bills bill relating to costs of court passed second reading, to be read a third time today. It abolishes jury fees in criminal cases.

The following joint resolution presented by the Finance committee was Whereas, the Legislature of the

Territory of Hawali has been convened in special session for the consideration of such financial measures as may be brought before it; and

"Whereas, the Governor of the Territory of Hawali has submitted bills providing for the payment of salaries and current expenses for the departmental use of the Territory; and

"Whereas, such bills are about to be passed by the Legislature of the Territory of Hawali to take effect on the first day of July, A. D. 1904; Now, therefore

"Be it resolved by the Senate of the Territory of Hawail, the House of Representatives concurring: That the Governor of the Territory

of Hawaii be and he is hereby authorised to put into immediate effect the changes and economics, so far as may be practicable, provided in such appropriation bills."

Signed by L. L. McCandless, J. D. Paris, Palmer P. Woods, D. Kai-nokalani and C. H. Dicker.

CURRENT EXPENSE BILL Before the current expense bill had

named third reading in the Senate. from whence it went to the House, sevral votes were reversed. Mr. Achie motion, that carried on

second reading of the bill, to divide the item of \$110,045 for Honolulu roads and bridges, giving the Fourth Herresenfative District \$57 000 and the Fifth \$50 -Public Works of the Honolitia Road

New Lease of Life.

Hana Plantation is to be continued by the present agents, M. S. Grinbaum & Co., according to E. J. Benjamin, vice-president of the company, who has just returned from a visit to the plantation on Maul. Mr. Benjamin leaves for San Francisco on the Alameda tomorrow, but expects to return immediately. It was rumored that Alexander & Baldwin were to take over the control of the Hana property, but the report was emphatically denied at their offices in Honolulu yesterday, and Mr. Benjamin also added that no offer for the sale of the property had ever been

"The condition of the plantation is very good," said Mr. Benjamin yes-but the plantation has not been abandoned by any means. We are simply waiting for a season, to make a change in the cane. Lahaina cane has been grown on the plantation so long that the stock has deteriorated and we intend to substitute Caledonia. Last season we planted a hundred and fifty acres of Caledonia and It did so much better than the Lahaina that we will put all our lands in Caledonia next season. We are growing seed for that purpose now, and expect to plant enough Caledonia to furnish seed for the entire plantation. There is no intention on the part of the agents to abandon the property."

On motion of Mr. Woods, the item of \$2736 for assistance to Federal Experiment Station was restored to the

HOSPITAL CONTROVERSY.

Mr. Isenberg moved on Saturday to insert items of \$20,000 for the Queen's Hospital, \$4000 for the Hilo Hospital and \$300 for Malulani Hospital at Wailuku. While he did not like to appear in the attitude of increasing the expenditures, he wished on behalf of his constituents to plead the cause of the hospitals. Although he would like to save the band, he preferred hospitals to the band. It might be advisable to reduce the educational expenditures for the purpose of saving the hospitals. Mr. McCandless opposed the motion.

to strike out the stenographer to the The Territory would be \$553,000 in debt Assistant Superintendent of Public at the end of June, 1905, as the bill stood. It was time for wealthy citizens to go down in their pockets for the maintenance of charitable institutions. Mr. Woods agreed with all that the to the Assistant Superintendent, Mr. mover said about hospitals, yet since

Dickey seconded the motion. Mr. Achi neither the Governor nor the Finance Committee had seen fit to give them he was talking about, as there was ald it was too late now. The Roman Catholic Bishop had informed him that the church would supply the hospitals with nurses in case of need.

Mr. Achi moved an amendment to give the Queen's Hospital \$12,000 and the other hospitals nothing.

Mr. Paris opposed the addition of items at that stage. Mr. Wilcox suggested that the Queen's Hospital might dispose of some of its surplus land for the benefit of its maintenance funds. Roth motion and amendment were voted down.

The bill finally passed on the following vote:

Ayes, Brown, J. T. Dickey, Isenberg, Kalauokalani, Kaohi, McCandless, Nakapaahu, Paris, Wilcox, Woods-10. Noes-Achi, Kaiue-2.

Absent-Baldwin, Brown, C. Crabbe MORE NEW BILLS.

Mr. Achi introduced two bills, each relating to the treasury. One of them empowers the Tresaurer, with the Gov ernor's approval, to open an account with any bank in "Honolulu so as to have an overdraft when necessary. The other is to repeal the law that provides for increasing the facilities of the Treasury. Both will come up for second reading today and probably be referred to the Finance Committee. MONDAY AFTERNOON.

At the opening of the afternoon session a license taxation bill was read a first time, to be read a second time

today. The Finance Committee presented t report on the salary and payroll appropriation bill referred to it in the morning. It was promptly adopted and its recommendations were put into effect on second reading of the bill They were as follows:

Salary of garbage clerk, \$85 & month, struck out.

Salary of gunpowder and kerosene oil keeper, Hilo, reduced from \$75 to \$50 a Salary, of gunpowder and kerosene oil keeper, Honolulu, raised from \$100 to

\$125 a month. "Chief engineer" substituted for "aszistant superintendent," Honolulu water works, with salary of \$175 a month

as in bill. Clerk, Honolulu water works, made also clerk of garbage department and his salary raised from \$100 to \$125 a month. Mr. Achi found no second to a

motion to put the garbage clerkship Salary of deputy sheriff, Puna, \$60 a

month, inserted. Salary of deputy sheriff, Molokal, reduced from \$75 to \$60 a month.

OTHER AMENDMENTS. Mr. Brown wanted a salary for a

(Continued on Page 8.)

U.S. COURT. NEW CANE TERM OPENS

Charge and Begins Sessions.

Judge Sanford B. Dole opened the April term of the United States District Court yesterday morning when he delivered his charge to the grand jury empaneled as follows: E. D. Tenney, foreman; Thos. Hollinger, W. H. Hoogs, H. E. Kelsey, C. H. Atherhou. G. F. Affonso, Fred. Johnson, L. P. Howatt, A. L. Greenwell, M. G. Hopkins, August Granberg, John Effinger, Hugh McCorriston, R. Ivers, L Rubenetein, J. L. McLean, A. Gartenberg, C. J. Campbell, E. H. Baker, J. S. Spitser, H. F. Wichman and E. O. White.

Besides instructing them upon their powers, duties, privileges and limitstons under the constitution and statutes of the United States, Judge Dole addressed the grand jurors in the following remarks:

"It appears from the records of this court that a considerable activity has developed in this Territory in the control of women for immoral purposes. and that a number of the criminal cases which have been tried in this court have arisen from enterprises of this character; the importation of women under the guise of marriage, their sale as chattels, and corrupt combinations for the protection of the business of prostitution, are among the disclosures brought out by the trials of these cases.

"The customs of marriage and divorce of certain nationalities, largely represented here, and the prevailing sentiment of such settlers upon these subjects, are, in some important particulars, inconsistent with Anglo-Saxon ideas and with the United States laws carrying them out. The trials of violations of the laws bearing directly or indirectly on this subject are important not only because examples are made of the offenders, whereby others of like intentions are restrained, but siso such proceedings have a strong educational influence upon those whe may be interested in them as fellow countrymen of the persons tried for such violations. This Court deals with this class of cases, some of which may seem to you to be more in the line of work of a Police Magistrate than of District Court of the United States. because they relate to the important

public principles referred to. "In the interests of the highest ideals of marriage and for the protection of society from the evils that must necessarily result from interferences with the liberty of women and their rights under the laws, it will be your duty is investigate such cases of the class re-

tention, most thoroughly." Judge Dole also called attention to the federal statute on the subject of sending vulgar and obscene publications through the mails, telling them that it was among the matters which would be called to their attention.

In the afternoon the grand jury was holding its session in the courtroom. The corridors were swarming with Japanese, including some women.

WANTS LAYMAN TO SHOW PATRIOTISM

Governor Carter has not decided upon his appointments for the office of President of the Board of Health and Territorial Treasurer. There have been number of conferences with Senators and Representatives over the proposed appointments, but no decision has been

reached. Opposition has been manifested to the appointment of Henry C. Hapai as Treasurer, the objection being that he has so successfully administered the affairs of the Registrar's office that it would injure the efficiency of the Tressury effice if he was taken out of that place. The objection is made by the bankers principally, who want Hapsil to remain where he is and not to incur the dangers which have threatened the incumbents of the higher position of late years.

Dr. Cooper yesterday sent in his resignation as a member of the Board of Health but this does not improve the situation any. The law requires the board to be composed of four laymes. and two physicians, and a medical man will have to be appointed to succeed Dr. Cooper.

"I am waiting now for one of the four laymen to be public-spirited enough to step out in order that I may appoint a new president," said Governor Carter pesterday. E. C. Winston is a candidate for president, in case he is to be appointed from the present Board

MEASURES OF TERRITORY SLOW

Hawaiians Take Up Some Important Matters.

(Mail Special to the Advertiser.) WASHINGTON, D. C., March 28-Hawaiians here are becoming impatient over delays in the passage of territorial The electric light and gas franchise bilis are both now favorably reported to the Senate and House Everything is waiting for the action of the House. Efforts there to bring up the electric bill have been blocked by objections but these may be overcome at any time. If the objections prevail for a while, the opportunity will improve after the present week, when the House will have practically completed its appropriation bills for this session. With the appropriation bills out of the way, there will be time to consider other

Possibly before this letter is half way across the continent the franchise bills will be disposed of. As soon as the House acts there will probably be no difficulty in getting the sanction of the Senate. Mr. Foraker has already given notice over there of his wish to bring up those bills, but appropriation bills, too, are occupying the most of the time of the Senate just at present. Friday last Mr. Robinson, of Ind., brought up the electric bill and asked unanimous consent for its consideration but Mr. Maddox, of Georgia, objected because it was so late in the day. The following day Mr. Robinson brought the bill up again but objection was made by Mr. Underwood, of Alabama, and Mr. Payne, of New York, the latter having been one of those who made a bitter fight against the bill when it was first presented in the House weeks ago. consideration by unanimous consent is refused it may be possible to find some other way, perhaps by a special rule or during some suspension day, which

occurs once a month. The prompt action of the Senate Committee on Pacific Islands and Porto Rico on the franchise bills was particularly gratifying to those who are here pressing them. That committee met last week, having Hon. W. O. Smith, Mr. William Haywood, Mr. George B. McClellan, Mr. D. L. Withington, and others present. There was a brief explanation of the bills, following which they were ordered favorably reported. The Senators of the Committee promptly comprehended the measures before them. After some discussion it was agreed to adopt the two bills, substantially as amended by the House Committee on Territories, but the electric bill was changed so as to make the maximum charge for service 20 cents, instead of 17 cents, as fixed by the House Committee. The price of gas was fixed at \$2.50, instead of \$2.25, as fixed by the House Committee. change was also made in the provision, allowing the courts to determine at any time what is a reasonable price for either of those utilities so that the lan-guage will be "That power is hereby conferred upon the courts of appro-priate general jurisdiction," the word

general" having been inserted. Senator Blackburn, of Kentucky, was delegated to draw the report on the electric bill and Senator Foraker drew the report on the gas bill. Both these reports are substantially an embodiment of the House reports on the same bills.

Hon. W. O. Smith, who has been here now several weeks, is very anxious to return to Honolulu, and had hoped to leave Washington today. He has been delayed by the failure of the House to act upon the electric bill. He has naturally become somewhat impatient over the long delay, but during his stay here has been able to perform much valuable service for the islands, outside of the work that specially brought him

Delegate Kalanianaole and Mr. Mc-Clellan went to the War Department Saturday, where they had a conference with Secretary Taft, about a confirma-tion by Congress of right of way through the military reservation at Kahauiki for the Oahu Railway and Land Company. The secretary has favorably recommended to both houses of Congress the confirmation of such a grant. which is regarded as a good step for-

FORTIFICATIONS BILL

Mr. Smith and Mr. Haywood, as well as others here, have been active in securing a favorable action on the item of \$526,000 in the Fortifications Bill, as it passed the Senate, for fortifications They saw on the Hawaiian Islands. Representative Littauer, of New York, sideration there. But the prospects are good that a provision for that amount will be allowed to remain in the bill Mr. Smith, Mr. Haywood and Mr. Mc-Clellan have been very industrious in urging an appropriation for fortifications from the time the subject was broached in the House. Had it not been for them, the appropriation would probably have failed altogether, as there Senate Committee on Appropriations. MILITARY POST.

Delegate Kalanianaole and Geo. B. other necessary equipment for the same. by the Hawallan band,

the opportunity he had of visiting Kahauiki as he passed through Honolulu; he then referred the gentlemen to Gen-eral Chaffee, Chief of the General Staff, which passes on all such matters and makes recommendations to the Secretary of War.

The Delegate and Mr. McClellan met General Chaffee by appointment this morning, and were informed that the General Staff had recommended immediate acquirement of the Kahauiki leases, if they can be secured at a reasonable figure. This means that un-less some of the leaseholders of Kahauiki should, by asking an excessive price, compel condemnation proceedings, construction work on a permanent post at Kahauiki will be begun during this summer. The War Department are recommending a special appropriation of \$87,000 for this purpose, but even should that fail funds will be available from the reneral appropriation for barracks and quarters to make a beginning of the

General Chaffee also intimated to his visitors, in answer to a question, that the old armory quarters now used by the Depot Quartermaster fronting on Hotel street, would probably be available for a militia armory as soon as the Kahauiki buildings can be erected, although this is not in any sense promise or official statement of the General Staff.

done for the protection of Hawaiian in-As already known in Honolulu, the bill ably reported to the House by the Compassage of the bill by the House and

its ultimate enactment into law. Delegate Kalanianaole said today that a big stack of letters from various men, prominent in official life here," said the Delegate today, "stating some of the reasons why no such legislation can be had now. I wanted to have this in black and white and will show the letters when I get back to Honolulu. I have had some hopes of getting the bill for the construction of a revenue cutter for the islands passed, but there is nothing but delay in the House Committee on Interstate and Foreign Commerce, where it is being considered. The bill passed the Senate several weeks ago. Every time I go to Col. Hepburn, the chairman of the House Committee, he tells me he is trying to get the members of the committee to take it up but the members of the committee say they have been trying to get Col. Hepburn to take it up, and there you are I know that Representative Cushman, of Washington State, one of the members of that committee, has tried more than once to get the bill considered." DELEGATE KUHIO AND SPALD

ING. A report was printed in the Washington Times a few days ago that the Delegate contemplates resigning from Congress and will not come here for the short session next winter. He said today that there is no truth in such a report. "I do not know where they could have gotten such an idea," said the Delegate. "There is no truth in it

Representative Spalding, of North Dakota, chairman of the subcommittee in charge of the county bill, still professes ability to bring that measure out and report it favorably to the House. It is not believed, however, that he will succeed. "I expect to have favorable action from the subcommittee within a few days," said Mr. Spalding today. "We have been slow getting together because of the absence of .members from town.

"I have consented to drop my bill to amend the organic law of the territory as to franchises," added Mr. Spalding, because of several obstacles to such legislation. The chief of these is that there are no town or county governments in the territory and individuals would have no place to go for charters, if the law was amended, as I proposed in my bill."

NO MITCHELL LEGISLATION. Nowadays one never hears anything about the legislation proposed by the Mitchell commission, that visited Hawaii over a year ago. The commission undoubtedly accomplished a great deal in securing information about the is-lands but it does not appear that the recommendations are likely to be adopted to any extent. As the plans of federal legislation for the islands unfold in years to come the Mitchell report will be of value for consultation in committee and for reference in debate. As next session is the short session of Congress, it will be too crowded for much of anything in the way of general legis-

lation for the islands. The nomination of Collector of Customs Stackable for another term was followed by prompt confirmation in the Senate. The President acted quickly on the recommendation of Gov. Carter, although the term does not expire for several weeks yet. There is good reason for believing that the President will also renominate most, if not all the territorial judges, whose terms soon expire ERNEST G. WALKER.

BURNS AND CUTS.—Slight injuries of this character are of frequent occurrence in almost every household. While the leading conferee on the part of the they are not dangerous, except when House, recently. He told them that it blood poisoning results from the injury, was useless to hope for more than \$200,- they are often quite painful and aneco, which was the sum agreed to by noying. They can be quickly heated the House, when the bill was under con- by applying Chamberlain's Pain Balm. It allays the pain almost instantly and heals the injured parts without matter being formed, which insures a cure in one-third the time that the usual treatment would regulre. It is the most perfect preparation in use for burns. scalds, cuts, bruises and like injuries. It should be applied with a feather, and before the parts become swollen if possible. For sale by All Dealers and was no disposition to press it in the Druggists. Benson, Smith & Co., Ltd. Agents for Hawaii.

A delightful dance was given on Sat-McClellan, representing the Merchants' urday evening at the Young Hotel by Association, met the Secretary of War Manager Lake in honor of Mrs, Leoby appointment on Friday last to pre- nard Wood, and the officers and ladies sent the matter of a permanent military of the transport Logan en route to Mapost for Honolulu with harracks and nils. Danning followed a concert given

Secretary Taft expressed his personal MURDERER OF GLENNAN interest in the matter, due in part to CONVICTED FIRST DEGREE

(Special Wireless Telegram to the Advertiser.) NAWILIWILI, April, 9-Matsumoto Moritaro has been convicted of murder in the first degree, for the killing of Glennan.

The crime of which Moritaro has Coney of Kauai in prosecuting investiest in the history of the Hawaiian Isi-

Arthur Glennan, a civil engineer in charge of the Makaweli plantation ditch, was murdered while asleep in his bed, by being blown up with dynamite, on the night of Friday, January 8, 1904. The dynamite was placed under his bed and ignited by a fuse leading to it from the outside of the tent. Glennan was thrown across the tent, which was totally wrecked and set on fire. His left thigh was crushed and he was otherwise mangled. H. C. Mr. Smith has done all that could be Smalley, his assistant, arriving within a few minutes carried Glennan to terests on the Philippine Shipping bill. his own room. He left him there to ride two miles to the nearest telephone, has passed the Senate and been favor- the authors of the outrage having cut the wires of Glennan's camp telephone. mittee on Merchant Marine and Fish- At the telephone he was advised by eries, but it will not go into effect till the doctor called up to bring Glennan July 1, 1905. There is no doubt of the to Walmea if he still lived, and then he engaged a spring wagon to meet Glennan at the end of the trail, but when he returned in forty minutes from it was hopeless to expect any legislation the start Glennan was dead. He was here for Hawaii at this session, out-side of the two franchise bills. "I have father and mother surviving him at Redwood City, California. Mr. Glennan was esteemed by Mr. O'Shaughnessy, superintending engineer of the work. as a thoroughly efficient and trustworthy man, of good habits and char-

been found guilty was one of the foul- gations of the diabolical murder, as there seemed no room for a theory of accident. He had the police arrest every Japanese having no apparent means of livelihood and held them for investigation. Chester A. Doyle, the Japanese interpreter, was sent for to conduct the examination of the prisoners. Doyle succeeded with a sweathor shouts drew their swords, fired their process in obtaining four men who confessed that they knew the man who a dozen swordsmen made a desperate had committed the murder. They said he had escaped to Honolulu. W. H. MacDonald and a small knot of offi-Rice, Jr., was sent here to look for the man and with the ald of a Japanese detective identified Matsumoto Moritaro, working on Honolulu plantation, Donald seized a rifle and shot down as the person wanted. The fellow was taken to Kauai, where he made a confession that he had lighted the fuse saving Mr. Candler's life. Those of which set of eight sticks of dynamite the Thibetans who tried to climb the and a quantify of glant powder in wall were met with a terrible magazine Glennan's tent. From the evidence giv- rifle fire, but they did not falter, those en at the preliminary examination of behind springing over the heaps of Moritaro at Libue, it appeared that he dead and continuing the fight until secured the explosives from workmen riddled with bullets. When finally the in the Makawell tunnel also that he cut Thibetans retired they tramped back exploding the murderous charge. He a hail of bullets. A mountain battery had run two hundred yards from the was brought into action and tore the tent before the explosion came after he retreating lines with shrapuel. A terlighted the fuse.

Oahu prison on February 10 for safe- wounded and limping Thibetans turned keeping pending his trial by jury at the the corner, some 400 yards from the present Kauai term. There was some delay reported in the trial this week, best of the Thibtan army had perishowing to the ruling that Doyle was disqualified as interpreter from his having been the detective who secured the No time was lost by Sheriff J. H. criminating evidence.

THREE CORNERED FIGHT FOR REPUBLICAN DELEGATESHIP

There is to be the hardest kind of a fight before the delegates to the Republican National Convention are named next Monday. The other islands may decide on their candidates before they come to the convention, but in Honolulu there will be a three cornered with the result noted. fight for the honor of representing the Territory in the National council, which will nominate Roosevelt for President.

A. G. M. Robertson is the latest candidate for convention honors, he having entered the lists only last week, after a declara- according to Rev. Montague Geer, the tion that he would not be a candidate. W. H. Hoogs and R. W. Breckons are the only other candidates for delegate in the Fourth, sentiment was expressed by the Rev. and if the intention to allow each district but one representative on Mr. Geer while conducting services in the delegation is carried out, two of the candidates will have to go St. Paul's Chapel. If the churches had as alternates or not at all. Hoogs so far seems to be in the lead, would have been no war in the Far having the prestige of an instructed delegation from his own pre- East. The two nations now at odds cince, although Robertson expects to win out in the convention. On were, he asserted the "unfinished busithe other hand Breckons has been doing some good work, and has a strong delegation in the Fourth precinct.

There is some talk also of giving Oahu more than the two dele- Harroun of this city has renounced all gates, as she has hair the voices in the convention. One proxy from outside will give Oahu the control of the meeting, although there land. In doing this he gives his sister, is no apparent intention to cut out the other islands. Maui, which Mrs. J. M. Lewis, of Portland, Maine, has had Home Rule tendencies since the couty election, may not get the sole right to the money. Hawaii and Kauai have not he does not earn by his own efforts. made their preferences known as yet, although it is pretty well understood that Governor Carter will be delegate at large, if he A. Harroun, who died a few weeks ago wants to go to Chicago. Senator McCandless also is assured of be- in Kilkenny, Ireland. He was the last ing the representative of the Fifth district, provided the choice is made by districts. The probabilities are that some of the disappointed ones will have to go along with the delegation only as alter-

KUPIHEA BOBS UP WITH THE STEWART RESOLUTION

Kupihea was the man picked by McCants Stewart to bring in his Home Rule resolution for a county law commission. It was Kupihea who gave notice of the county bill in the-morning, and it was Kupihea who attempted to introduce a joint resolution along the lines of the Stewart-Avery resolution which was turned down in the Ninth Precinct of the Fifth District Wednesday evening. Kupihea got up just at the close of Saturday morning's session of the House and asked permission to present a joint resolution. The Republican members were prepared for the little game. Kupinea had hardly time to utter the words before Aylett was on his feet with a motion to adjourn. And adjourn the House did, with a rush which took the Home Ruler's breath away. Kupihea still has senator Burton of Kansas, was not sub-Stewart's resolution in his pocket and will try to get it through mitted to the Government this morn again today.

The resolution calls for the appointment of a commission of five persons to draw up a county act for presentation to the regular session of the legislature. The commission is to be selected, one by Governor Carter, two by the President of the Senate and two by the formally filed with the court. Senator Speaker of the House.

"Mandy, d'ye rec'lect how Henry Wiggins used to play marbles all the time when he was a little feller?" "Goodness, yes." Well, he haint got over his hankerin' after 'em yit; this piece in the paper 'bout millionaires' houses says he has one of the finest c'lections of Italian marbles in the hull world."-Brooklyn Life.

Towne-"Hear what Sniffkins did when the collection plate came 'round to him in church last Sunday?" Browne-"No. Dropped a button in, I suppose." Towne-"Not even that. He leaned over and whispered: 'I paid the pastor's fare in the car vesterady morning. We'll call it square."-Philadelphia Press.

"Experience, you know, is a good teacher." "Yes, but I wish there were more vacations in that school."-Chicago Post.

TELEGRAMS FROM COAST FILES

the first party is a second of the second

(Mail Special to the Advertiser.) TUNA, Thibet, April 2 .- The small small British losser in the recent battle are accounted for by the fact that the Thibetans were so huddled together that the majority were unable either to use their swords or to fire. The swordsmen in the front rank could not reach the Sikhs, who had fixed bayonets, while the men in the middle of the mob could not reach the enemy, but many of them probably killed each other in the mad excitement. The scene recalled old time fights in cockpits, the grim, determined faces of the Thibetans, lighted with devildom savagery, expressing contempt for the Sikhs, whom they outnumbered six or seven to one.

When the l'Hassa General fired the first shot the Thibetans with wild matchiocks and surged forward. About attempt in the direction of Colonel cers. Four Thibetans attacked Mr. Candler, the correspondent of the London Daily Mail, but Colonel Mactwo of them at a few yards, and an other officer killed the other two, thus the telephone wire with a chisel before slowly and steadily, though followed by rible trail of dead and dying marked Matsumoto Moritaro was brought to the line of march. At length the last scene of the grim tragedy where the

> DIDN'T KNOW THEIR BIBLE. BALTIMORE, April 2.—President Remsen and the faculty of Johns Hopkins Universitý have examined eighty of the students of the university on their knowledge of the Bible, bringing out the fact that only one of the eighty could identify; two quotations from the Scriptures and he is studying for the ministry. A newspaper edi-torial was chosen which contained two Biblical references, one referring to the Ethiopian changing his skin and the other the shadow moving backward on the dial. The editorial was read to the class and its members were saked to tell whence the quotations were taken

DANGERS GIBLHOOD'S

A Simple and Certain Method by Which Chlorosis, a Frequent Affliction of Growing Girls. May be Overcome.

Every mother knows that the danger line in the development of a girl is crossed at the point where girlhood and womanhood meet. This critical point cannot be too closely guarded. Care insures robust health; neglect means living misery.

Mrs. E. C. Young, of No. 308 Lynn street. Ithaca, N. Y., was safely brought through her girlhood's trying period by a simple course of treatment, after Commission Merchants physicians had, failed to help her. When I was seventeen," she says, "I began to fail in health and, in spite of all the medicines our family doctor gave me, I continued to grow worse. Neither he nor another doctor who also attended me seemed to be able to reach the cause of my trouble. It was chlorosis, they said, a form of anaemia with which girls of about that age are often afflicted. I was troubled with shortness of breath, hadn't a bit of color and couldn't go upstairs without being all tired out. My limbs were dreadfully swollen and my appetite entirely gone. I had nervous headaches for which a doctor recommended glasses, but the glasses did not cure them. Each month I suffered a great deal of pain and was very trritable.

This condition kept growing worse for three years until finally it became intolerable and I began to hunt eagerly for some remedy that could effect a ertain cure. Finally I found a friend who said she had been cured of a similar trouble by Dr. Williams' Pink Pills for Pale People, after her case had been pronounced hopeless. Upon her strong recommendation I decided to take this remedy. Relief was almost immediate and after using the pills for a short time I was cured altogether and I have remained perfectly well and strong ever since."

The value of such a remedy is beyond the power of words to express, for it determines the happiness of a lifetime. Dr. Williams' Pink Pills for or will be sent direct from Dr. Williams Medicine Co., Schenectady, N. Y., postpaid on receipt of price, fifty cents per box; six boxes for two dol-

The Alpha Carlos & Commission of Free Commission of

vertised most advantageously by sending Company F to St. Louis to take part in the competitive drill during the World's Fair. The gentleman argues that the funds available for an Hawallan exhibit are so small that such an exhibit would be relegated to some obscure corner, and money expended literally thrown away. On the other hand he claims that the splendid drill, the fine form and physique of the members of Co. Fywould attract the notice of countless thousands who could not fail to be interested in a country that produces such splendid specimens of humanity. He also argues that the government of the United States would furnish transportation, that the cost of maintenance of St. Louis would be nominal, and that the surplus of funds subscribed for this purpose would help to provide Hilo with an armory. Subscribers to the "Hawaiian" World's Fair exhibit are requested to kindly cogitate.-Tribune.

POLO HORSES RETURN. Considerable comment was neard on the streets during the past few days in regard to the fine pair of horses, uning of Wainuku. The horses, familiar to every one in Hilo, were purchased by Mr. Balding during the polo season a little over a year ago, Humuula Jones having brought them with great care from Walmea. Like all Mr. Jones horses they were of simple habit and cheery dispositions and would have borne Mr. Baiding nobly, no doubt, had Polo horses are Mr. Balding's fad as many as four being stabled at Walnuku at one time, and in all probability the two bays would still be wandering in his paddocks had not Joe them. However efter much debate and large price his desire was satisfied but the lack of pole and demand for accept an offer from Mr. Rothwell, who purchase is not substantiated. Herald. NEW ROADS.

G. H. Gere, road engineer of this district, returned to Hilo after three weeks work, retracing the old survey of the road from Kalius to join the Keauhou road at Kahaluu. As soon as the data are in shape bids will be advertised for and the work carried on to completion. This road will connect Kalluz with the Kainallu district and will be a saving of four miles to the resident of that section. Instructions have been received from the assistant superintendent of public works to prepare working data and specifications for the 22 mile road Olas. This road will greatly benefit the homesteaders. Work on the road from Halepuas to shortly. When this road is completed Kapoho residents will have an outlet to the Hilo-Puna road without driving 4 miles to Poholki. The 18,3-1 mile road Olas will be taken in hand as soon as the Puna work is under way. Appropriations from the loan fund cover all the above improvements.—Herald. A WILD PIG HUNT.

Saturday evening last Mr. C. N. Prouty, the genial cashier of the Hilo railroad, took a special train to Puna to enjoy a days sport in his Porcine

Mr. Prouty enjoys an enviable repu tation as a slaver of wild animals and King," Hon, W. N. Armstrong's charged glances and gracious bows in we understand that it was due to his efforts that the varmints were entirely extinguished from the woods in and about Spenar, Mass.

Accompanied early Sunday morning by his trained pack of Walakea pig in the woods; after an exciting chase of some several hours the boar was brought to bay, and although well provided with pig guns Mr. Prouty was unable to get in a shot, preferring to lose the pig rather than take any chances of injuring one of his valuable dogs. Finally the animal, overcome with the exertion of fighting the dogs. was captured alive by the intrepld hunter and brought into town. Conservative authorities estimate that the animal measured fully 8 inches from tip to tip, and weighed a pound and a half. It is on exhibition.—Herald.

NOTES. The Hilo Railroad baseball team suffering from their defeat at the hands of the Union Specials have challenged Mr. Knell for a second game.

J. S. Janeway leaves on the Kinau Friday for Honolulu en route to Japan been for many years connected with the territorial survey department under Mr. Baldwin. His hosts of friends regret his departure but wish him success in his new field of labor.

The motion for a new trial in the Funakoshi case was argued before Judge Little last Thursday. Attorney Bitting for the defense argued in his usual characteristic manner for the major portion of Thursday morning. In the afternoon Counsel Ridgway made a plain, calm, importial statement of facts for the Territory. It was noted that the court took careful note of the salient points as presented by the opposing counsel and his learned decision, which will be handed down on the 12th inst., is anxiously awaited by the principals in this case,

THE SCRATCH OF A PIN MAY cause the loss of a limb or even death when blood polanting results from the o head and injury. All danger of this may be avoided, however by promptly applying Chamberlain's Pain Balm. It is an antiseptio or I unequalied as a autek healing liniment for cuts, bruises cound burne. SAVE YOUR SKIN

the Skin and Complexion.

To preserve, purify, and beautify the skin, and prevent pimples, blotches, blackbends, redness, roughness, yellow, oily, mothy skin, chapping, and many other forms of skin blemishes, no other skin or complexion scap is for a moment to be compared with CUTICURA SOAP, because no other soap reaches the cause, viz., the clogged, irritated, or informed condition of the Pozzi

How to Prevent Falling Hair Scalp Humours and Dandruff.

Cleanse the scalp and hair thoroughly with a warm shampoo of Corr-CURA SOAP, rinse with warm water, dry carefully, and apply a light dressing of CURCURA, purest of emollients, gently rubbed into the scalp. This simple, refreshing, and inexpensive treatment will clear the scalp and hair of crusts, scales, and dandruff, soothe irritated, itching surfaces, stimulate the hair follicles, supply the roots with energy and nourishment, and make the hair grow upon a sweet, wholesome, and healthy scalp, when all else fails.

White in a Single Night.

Bathe and soak the hands on retiring in a strong, hot lather of Currouna Soar. Dry thoroughly and anoint freely with Currouna Ointment, the great skin cure and purest of emollients. Wear during the night old, loose aid gloves with the finger ends cut off. For red, rough, chapped hands, dry, fissured, itching, feverish palms, shapeless nalls, with painful finger ends, this one sight treatment is simply wonderful and a blessing to all afflicted with sore, chapped, rough, or tender hands.

Cuticura Complete External and Internal Treatment for Every Human, Consisting of Currioura Soar, to cleants the skin of crusts and scales and sorten the thickened cautified, Currioura Cintment, to instantly allay Rebing, inflammation, and irritation, and sooten to instantly allay Rebing, inflammation, and irritation, and sooten sufficients occur the most torturing, disfiguring, and humilisting skin, scale, and blood humours, with loss of hair, when all else falls. Sold throughout the world. Asset Depot: R. Towns & Co.; Sydney, B. S. W. So., African Depot: LENGOS LID., Cape Town. *All about the Skin, Scale, and Hair, post from Pottan Date and Charl. Core., Sols Props., Boston, U.S. A.

There is expectation that if the legislature passes the loan act amendment, the second million dollars to be placed by the Territory in July, will bring a considerably higher figure than what the first million brought. The bid on the million dollars bonds placed by Secretary Carter was just barely above par, while it has since been learned, that at private sale for the entire issue 102 could have been obtained. The law requires public advertisement for tenders, and the acceptance of the highest bid if above par-

The New York house which secured the bonds did it for clients, who were willing to give 102. (Instead there was a combination of banking interests in New York, and the one bid represented the interest of all parties who wanted the bonds. If the next issue can be legally placed at private sale to one party, an offer at 102 will be made. If the amendment proposed by Governor Carter goes through any hid higher than the last one can be accepted without going to additional expense for advertising. The law will be a continuing one, so that every subsequent bid must be at a higher figure than the last sale. SUGAR

Sugar dropped slightly during the week, and the latest quotation cabled yesterday was 3,625 or \$72.50 per ton. Several large Hawaiian cargoes got the benefit of the higher figure.

The Pepeekeo deal has been closed in San Francisco and as soon as the stock can be transferred on the books of the company here, Brewer & Co. will take over the agency. A meeting of the stockholders has been called for Tuesday at which time a treasurer will be elected to succeed F. M. Swanzy. Mr. Swanzy is away and an officer is needed to sign the stock certificates. The election of officers was postponed from the annual meeting, and the new officers may be chosen at this time as well. Hawaiian Commercial stock which has been active in the San Francisco market has dropped from \$51 to \$50 per share. There were a number of sales in San Francisco at the latter figure. There has also been considerable activity lately in Honolulu Sugar, several hundred shares having changed hands in San Francisco, some of it at \$12 5-8 per share. A few months ago as low as \$0.50 was offered, though bringing out no stock. Recently there was an advance from \$11 7-8 to \$12 5-8, which was the closing figure Saturday. The demand for the stock comes from San Francisco, where the plantation is incorporated and where the control is held. The local stockholders have been letting go their stock on the rumor that the stock is soon to be assessed a dollar per month, for a period of three months. Ewa is selling up to par again and Waialua is \$37.1-2 bid and \$40 asked. A hundred shares of Honomu changed hands at par during the week. The stock had been weak at 100, and some of it was offered for \$95. The stiffening in price is due to a report that Honomu is about to pay a dividend

E. J. Benjamin, vice-president of Grinbaum & Co., agents for Hana plantation, is in on a visit to the islands, for the purpose of inspecting the property. Hana did not plant this season and considerable significance is attached to the visit of Mr. Benjamin who is a large stockholder. Developments are expected at an early

R. W. Shingle, president of the Henry Waterhouse Trust Co., returned yesterday from a business visit to Kohala. Mr. Shingle reports that the recent copious rains have brought out the grass all over the district, and there is plenty of feed. for stock. The plantations last year took off an abnormal crop in the Kohala district, and this season, Mr. Shingle reports that the crop will be somewhat below the average yield. The planters in the district are anxiously awaiting developments in the Kohala ditch, which is expected to largely increase the acreage in the Kohala district.

MISCELLANEOUS.

There is talk of a new telephone company in the Kau district on Hawaii. A hundred shares of Kilauca sold on the coast recently at three dollars a share. The Rapid Transit Co., has begun the construction of the work on the Beretania street line beyond Keeaumoku street. Much satisfaction is expressed in business circles over the speedy work being accomplished by the legislature. The report of fire in Olaa cane is untrue. F. B. Whiting has purchased the St. Sayres residence at the head of Makiki street.

The Information Contained in This Honolulu Citizen's Statement is Priceless. The hale, the hearty, the strong can

afford to toss this paper to one side impatiently when they read the following but any sufferer in Honolulu who has spent a mint of money and suffered hours of excruciating torture caused by kidney complaint, pain in the back and sides, headaches, nervousness, frequent thirst, hot, dry skin, shorine breath, evil forebodings, troubled sleep, puffiness of the cyclids, swelling of the feet and ankles, loss of flesh, or darkcolored urine, will stand in his own light if he does not follow the valuable advice offered by this resident:

Mr. H. G. Crabbe, of Nunanu street, clerk, now a collector, writes: "My age is 39 years, and I am blessed with children and grandchildren. For about two years I have been troubled with a severe pain in the back. A short time ago I purchased some of Doan's Backsché Kidney Pills at Hillister & Co's Drug Store, and found great relief through using them. I keep some of the pills by me as a safeguard against attacks of my old complaint, which I need not fear so long as I have a remedy like Doan's Backache Kidney Pills to combat them."

For sale by all dealers; price 50 cents per box, six boxes \$250. Mailed by the Hollister ligger Co., Honolpiu, wholeagin per is for the Hawalian Islands. Barr we the name-Doan's and

Macaules was the man woken of in' lan Saturday morning's Advertiser as, which to sowhart tile for over paid The state of the s perhanded hill sout when Macaulay was Doots craft 時間 時間 時間 est through a distribution of the contract of all they contained and told the natives Amer. Durage. Mariand, 22 days from Arthur. Vladivostok and Mokder . h Recreation in negatives and remainded the section of control of

up as a result of his long stay in the water and his severe labors in trying to get out before help appeared on the scene.

"It is pretty tough," said Macaulay

to an Advertiser reporter, "that I should bring the Coptic in from sea on a dark night and against a stiff gale, berth her in a location which has not previously been used by big steamers. and that I should then walk off a solid wharf into space—dropping straight into the water. The Hackfeld wharf is connected with the land at the Ewa end of the herbor by a bridge much narrower than the wharf itself. In the darkness I stepped into space from a did not reach, a few yards to the left of the right place. After the first plunge right matters. I tried to swim to the Ewa land but could not tell in the dark in which direction the bank was. I caught hold of a pile and tried to climb it to the wharf for if I could have got up high enough I could have caught hold of the stringer and pulled myself up but each time I climbed the pile my strength failed as I neared the stringer and I fell back into the water. The pile was covered with slime and was very difficult to hold to. This happened a good many times. Then I shouted for help. Some one passing along the wharf in a cab heard me and came to my assistance. First they tried to pull me up to the wharf with a halter rope but I did not have sufficient strength to hold on to this. Then they got a boat and managed to pull me into it."

Waterfront people point to the inident as another evidence that something should be done in regard to lighting up the wharf approaches. The Hackfeld wharf is in almost continuous use by big ocean steamers and yet there is not a single light within several hundred feet of its approaches.

GOSPEL SCHOONER IS IN THE PORT

The small missionary schooner Carrie and Annie now lies at the Bishop wharves in a more or less battered condition as a result of her long voyage from the mission stations in the Marshall and Caroline group of islands. It is doubtful if the small vessel can be repaired early enough to proceed to San Francisco and make a return voyage to Micronesia in time to give the missionaries the supplies they expect by the first of June. The small vessel has only been in the gospel trade for three years and prior to that time had an interesting history. She was A. Kennedy, Miss Rose Davison, Miss built in 1885 at Esser, Maine, and for a Putnam, Miss C. L. Dowdle, Miss W. while was used as a yacht. Some years Mohr, J. R. Dagget, J. I. Gilman, Ho later a party of Gloucester fishermen purchased her and for two years she carried her catch to Boston market. When the Klondike fever broke out she was purchased by a party of goldhunters and fitted out for a voyage around the Horn to San Francisco. She arrived at San Francisco on July 28, 1898, and later, was sailed to St. Michael. She was sold at the latter port and her new owners sent her on a codfishing cruise. Later she was a scaler and still later again a goldhunter. Then she was purchased by the American Board of Foreign Missions and sent cruising among the islands of the South Seas.

PACIFIC SQUADRON IS COMING SOON

A Washington dispatch reports the departure of the Pacific squadron for Panama, from which place it will sail to Honolulu. The dispatch says:

The Navy Department had a telegram today from Rear Admiral Glass reporting the departure from Callao for Panama of the Pacific squadron, consisting of the armored cruiser New York, the cruiser Boston and the gunboats Bennington and Concord. The squadron went to Callao to give the officers and men a chance for recreation ashore after their trying duties in Isthmian waters. It is supposed that the presence of the plague at Callao caused the departure of the vessels.

cab and went to his home immediately. Dr. Miner was called and he found that the genial pilot had been severely done BY BOTH THE PARTIES

(Mail Special to the Advertiser.) Cabinet changes constitute a very fruitful theme of gossip here nowadays. much to get back to private life. One year has passed and President Roosean end. Still others are well pleased with their \$8,000 jobs, however inadepart of the wharf which this approach quate that salary may be to meet offiial expenses. Close investigation would probably

show that Mr. Roosevelt has kept more into the water I made an effort to of the cabinet members of his predecesceeded to the White House by the death of the occupant, who was chosen by the votes of the people. Secretary of State Hay, who took his present office September 20, 1898, Attorney General Knox, whose term in the cabinet dates from December 16, 1901; Secretary of the Interior Hitchcock, who entered the cabinet December 21, 1898; and Secretary of Agriculture Wilson, the dean of all the cabinet in point of service as he came in March 5, 1897, when President McKinley was first inaugurated, are all holdovers. It was only recently that Mr. McKinley s second secretary of War, Hon. Elihu Root, went back to his private law practice in New York, giving way to Judge Taft. Mr. Roosevelt's own cabinet appointments are, besides Judge Taft, Secretary of the Treasury Shaw, who entered the cabinet February 1, 1902, Postmaster General Henry C. Payne, who came in January 8, 1902, Secretary of the Navy W. H. Moody, who came in May 1, 1902; and Secretary of the Department of Commerce and Labor leorge B. Cortelyou, who entered the sabinet February 16, 1963. It will therefore be seen that five of the present cabinet are Mr. Roosevelt's original selections, and four are holdovers.

SECRETARY PAYNE. Months ago, Mr. Payne would have been glad to have resigned his cabinet portfolio. Because of the great investigation under way and the fire of criticism, justly or unjustly directed at him, he was unwilling to yield. Recently he has had a severe illness which has greatly taxed his strength. It is hardly expected that Mr. Payne, who has been an invalid for years, will be able to resume his duties for two or three months. This fact has lately given rise to more gossip about his leaving the cabinet. At present there is no real foundation for such a prophecy. Mr. Payne wants to carry the investigation of the Postoffice Department a little further before he gives up the Massachusetts has had the New En

reins. But, on the other hand, his WASHINGTON, D. C., March 27 .- friends, knowing the precarious state of his health, are urging him to retire from the cabinet. It need be no surprise if Mr. Payne does resign dur-It is known that at least one of Mr. ing the spring or summer months. Roosevelt's official advisers desires very Should he resign, it would be difficult to tell whom the President would seor two others will be glad when another lect as his successor. The name of Fourth Assistant Postmaster General velt's first administration has come to Bristow would be a most popular selection, outside of the politician class. Kansas has never had a cabinet officer and it is claimed that Mr. Bristow's faithful work in the investigation of the department has earned his promotion to a place in the cabinet. But there would be strenuous opposition to sor and has kept them a longer time i him by those in sympathy with the than any other vice president, who suc- grafters and by others jealous of his reputation.

SECRETARY MOODY.

The only other member of the cabinet, mentioned as wishing he were back in private life, is Secretary Moody, of Massachusetts. Newspaper dispatches not infrequently gossip about his early retirement but there is no likelihood that Mr. Moody will retire till the end of the present administration, which will be March 3, 1905, or a little less than a year from now. He has stated his intention of retiring at that time and has plans for resuming his law practice:

Secretary Hitchcock and Secretary Wilson are both very fond of their places in the cabinet. They have no ides of letting go and one hears no gossip about their retiring voluntarily. It is said that Secretary Wilson's sons are alding him financially to remain in the cabinet, as he is not a man of large means, but he has made the best Secretary of Agriculture the country ever had, as both parties concede. It has been mentioned at different times that Secretary of State Hay is entirely content to retire from office and that he has contemplated doing so. His health, at times, has been poor but there is no indication of any present intention on Mr. Hay's part of resigning his portfolio. Lately it has been said that Mr. Hay would be willing to remain at the head of the State Department during Mr. Roosevelt's second administration, should he be elected next November. In the event of Mr. Hay's resignation, there would be much talk about the prospects of Senator Henry Cabot Lodge, of Massachusetts, who is the closest personal friend the President has in public life. Mr. Lodge would undoubtedly be averse to leaving the Senate, where he is assured practically of a life tenure. With the retirement of Mr. Moody from the cabinet, presuming that Mr. Roosevelt is elected next November, New England would be without a representative in the cabinet.

JAPAN IS RUNNING WAR ON ECONOMICAL BASIS

ecial correspondent carrying the credentials of The Hawaii Shippo and the it is expected, will not arrive, at the

Tokyo, March 20th.

On the morning of March 17th, at 10 a. m., the steamship China, conducted by a Naval pilot boat through the mase of mines laid in the harbor mouth, successfully anchored within the bay of Yokohama. The quaran-tine physicians boarded, closely, followed by hotel representatives, baggage men and others. Confusion and excitement, of course, prevailed everywhere. Some running down to their cabing to collect their baggage while others were struggling up the companion way to get the first boat to the moving humanity, I was finally landed at Yokohama, as was everybody else in the crowd. At first I felt no joy at seeing my native country after years of absence; neither did I feel at home. After passing ten tedious days and nights on the steamer, I feit simply stunned and bewildered. But four days have now gone, during which I have seen snow for first time in the last twenty-three years, eaten the dainty food peculiar to Japan and of which many a time I have dreamt, and visited every theatre and show available. The castle of discontents and deficiencles built up during the past two decades was taken by storm in one breath. Then, and only then, did I begin to feel like a Japanese through

The result of my investigation has proved to me that no correspondent has so far been allowed to go to the front. There are over forty European and American correspondents at the Imperial Hotel alone, awaiting the pleasure of the authorities. As it is the purpose of the imperial government to keep the military movements entirely secret, there is scarcely_any hope for us going to the front at pres-

THE MILITARY MOVEMENTS.

On the 15th, the First Army Corps completed the work preparatory to its transportation, and is believed by this time to have safely landed at the objective spot on the other shore. As the transportation of the Second Army Line and Sanyo Line of railways have been closed to the public. According lages. to responsible military authority, it is aspect. she should give no decisive battle until she had finished concentrating at Icast three army corps in Korea and Manxipens, she expects, to strike at that she with the throng and everywhere is saunderboit force, and, with them

Following is a letter received from a days, to leave not a solitary Russian rean fields. This opportunity, however, earliest, before the middle of April, when a complete thaw will have taken place in those countries, as our army shimals would not be able to stand the severe cold that prevails over there

at present. MILITARY FINANCE.

The economic management of the war expenses is very rigid, and as a consequence, there is many a disappointed merchant who, expecting to make large profits in a time of confusion, has invested much on specula-Even horse feed is directly tion. bought from farmers under personal supervision of army officers, and never shore. Carried along in the current of | through the hands of commission merchants. Over two hundred transports, the aggregate tonnage of which exceeds 400,000 tons, are operating at present, but their pay ranges from three yen to four yen per ton per month, this rate being two to two and half yen per ton chesper than similar service done by them at the time of the China-Japan War. As a result of past experience, no coolles are requisitioned for non-combatant army service this time, their places being alled by men of the first and the second reserves. The result is that considerable saving is made in expenses; proper military discipline is at all times maintained; and it is possible, whenever occason demands, to substitute/combatants without trouble. Thus, we discern how painstaking the authorities are, even in detail, recognising always the fact that we are engaged in one of the greatest wars that has ever been waged upon by a small nation. According to Premier Katsura, the war expenses already incurred up to March 4th amount to 20,000,000 yen.

FOUR DAYS' OBSERVATION. Yekohama has been comparatively quiet except for the demonstrative procession of young men headed by bands. All the way stations between Yokohama and Tokyo are decorated with flags, buntings and paper lanterns. At most places large tents have been erected for the accommodation of those who gather to may farewell to the departing troops. Here and there among the trees and on the street corners, and flowing in the spring breezes, may be Corps began on the mid night of the seen large banners on which are inecribed the names of soldiers who have been summoned from particular vil-Everything wears a holiday

The large city of Tokyo is crowded reserves summoned from every auted in every public place. Each street has three or four houses reserved for the soldiers, hanging signs mentioning churia. When, however, the time the fact. Newsboys with extree minseen excitement and motion.

gland member of the cabinet now for , car. The invitation was accepted for seven years. It is hardly to be expected in o'clock this morning. that that section would be left without a cabinet officer but some of the other New England States will probably sesoon advancing their claims to be honored Ex-Gov. Murray Crane was offered the Treasury Portfolio before it was given to Secretary Shaw and the name of Gov. Bates has also been mentioned in connection with Mr. Moody's

As Attorney General Knox is a lawyer of a large and incrative practice it direction has been heard in Washingyet, as he is organizing the new department and would be pleased to complete that work of preliminary organization, as he is the first secretary. Secretary Taft undoubtedly expects to remain for the rest of Mr. Roosevelt's administration. If Mr. Roosevelt is elected for four

years, as the above statements indicate, something of a reorganization of the cabinet would be probable. Along what lines it would proceed could not. of course, be predicted with any accuracy. It is a long time since the South has had a representative in the cabinet under a Republican administration and there would be considerable pressure for the recognition of that section, notwithstanding its Democratic tendencles. The Pacific Coast and the far West would also like cabinet recognition. Iowa iww has two members, Mr. Shaw and Mr. Wilson. It might be that Secretary Shaw would retire, although he is very fond of his place. Few names, comparatively, have been mentioned for the cabinet, although in the course of a few months, with a Republican triumph at the polis, many would be suggested.

ERNEST G. WALKER.

EMPEROR OF CHINA

(Continued from page 1.) had arrived during the night, the cook at first doubted the statement, and then said: "Emperor bribe steamer people keep boat back so Prince come in night-time so no one see him face. All same Boxer trick." Finally his

own curlosity got the better of him and

he went down town and had his first

peep at a real live Chinese Prince. Dragon flags floated over the prin cipal Chinese buildings, clubs and residences yesterday. Some of the downtown stores were appropriately draped with five-clawed dragon engigns.

There was a farewell reception on board the Gaelic last evening when the Prince and party took leave of their Honolulu friends. There were toasts drunk to the Emperor of China, the President of the United States and the Governor of Hawali.

PRINCIPAL MEASURES **NEARLY COMPLETED**

(Continued from page 5.) Crabbe reminded the Senate that the

buove around the coasts now. Mr. Achi succeeded in having a salary of \$20 a month voted for a district mag-

churian or Ko- istrate at Honuauls, Maul, for whom the bill had no provision. The Maulmembers did not appear to think the office was much needed. On motion of Mr. Isenberg the pay

of police, Oahu, was reduced from \$88,-800 to \$78,800. His explanation came later when he moved to save the Government band. The salary of the Board of Health

secretary was reduced from \$175 to \$150. a month. That of the city sanifary officer and inspector of cemeteries was cut in the same flaures.

The food commissioner had mille inspector added to his title, and the milk, meat and poi inspector was relieved of the milk. Mr. Achi asked how could a white man inspect pol, but received no satisfaction.

TO SAVE THE BAND.

Mr. Isenberg moved to insert \$2,400 the year for a bandmaster and \$17.600 for pay of bandsmen. They had saved \$10,000 on Oahu police, besides making other reductions. A few mounted patrolmen for night duties would be sufficient. There would be \$5000 saved on House expenses.

Achi, Isenberg, Kaiwe, Kaiauokalani and Woods stood up to save the band with seven against them.

An item of \$15,000 for bandmaster and bandsmen was inserted, however, by common consent.

OTHER BUSINESS. Secretary Atkinson by letter informed

the Senate that the Governor had signed Act I, providing \$5000 for Senate sessional expenses. C. G. Ballentyne, manager of the Ho

noluiu Rapid Transit & Land Co., invited the members of the Senate to visit the Aquarium in a special trolley

BOYD'S CLAIM A communication was received from N. Boyd, which was referred to the

Finance Committee. The writer said. The July 20, 1903, I received the appolitiment of Deputy Registrar to the Land Registration Court, in accordance with the terms and provisions of the Land Registration Act that was passed by the Legislature of Hawaii at its regular session in 1903.

"I was asked to furnish a bond in the sum of \$5000. This was procured would be little wonder if he desired to and accepted by Judge Weaver accordretire before long but nothing in that ing to the law, which also provided I that the amount of salary to be paid ton. Secretary Cortelyou will be will- me should be determined by the Goving to keep his portfolio for a long time ernor. This was fixed by Mr. Dole, the then Governor, at \$125 per month.

"In my official capacity, as Deputy Registrar of the Land Court, I served tili December 31, 1903, a period of five months and eleven days. No salary has been paid me for any portion of this period, the total due me amounting to the sum of six hundred and sixty-nine dollars and thirty-five cents (\$669.35).

"This amount I now claim as being due me, by the Territory of Hawall, for services rendered, and I respectfully ask-the consideration of the Senate for my just and legal rights, and that such steps may be taken for the settlement of the same as your legislative body may deem proper." The Senate adjourned until 1:30 p. m.
